In Memoriam

Steve

Hello, Hello, I like your smile
Hello, Hello, Can we talk a while
Would you like some of my tangerine

DEDICATION

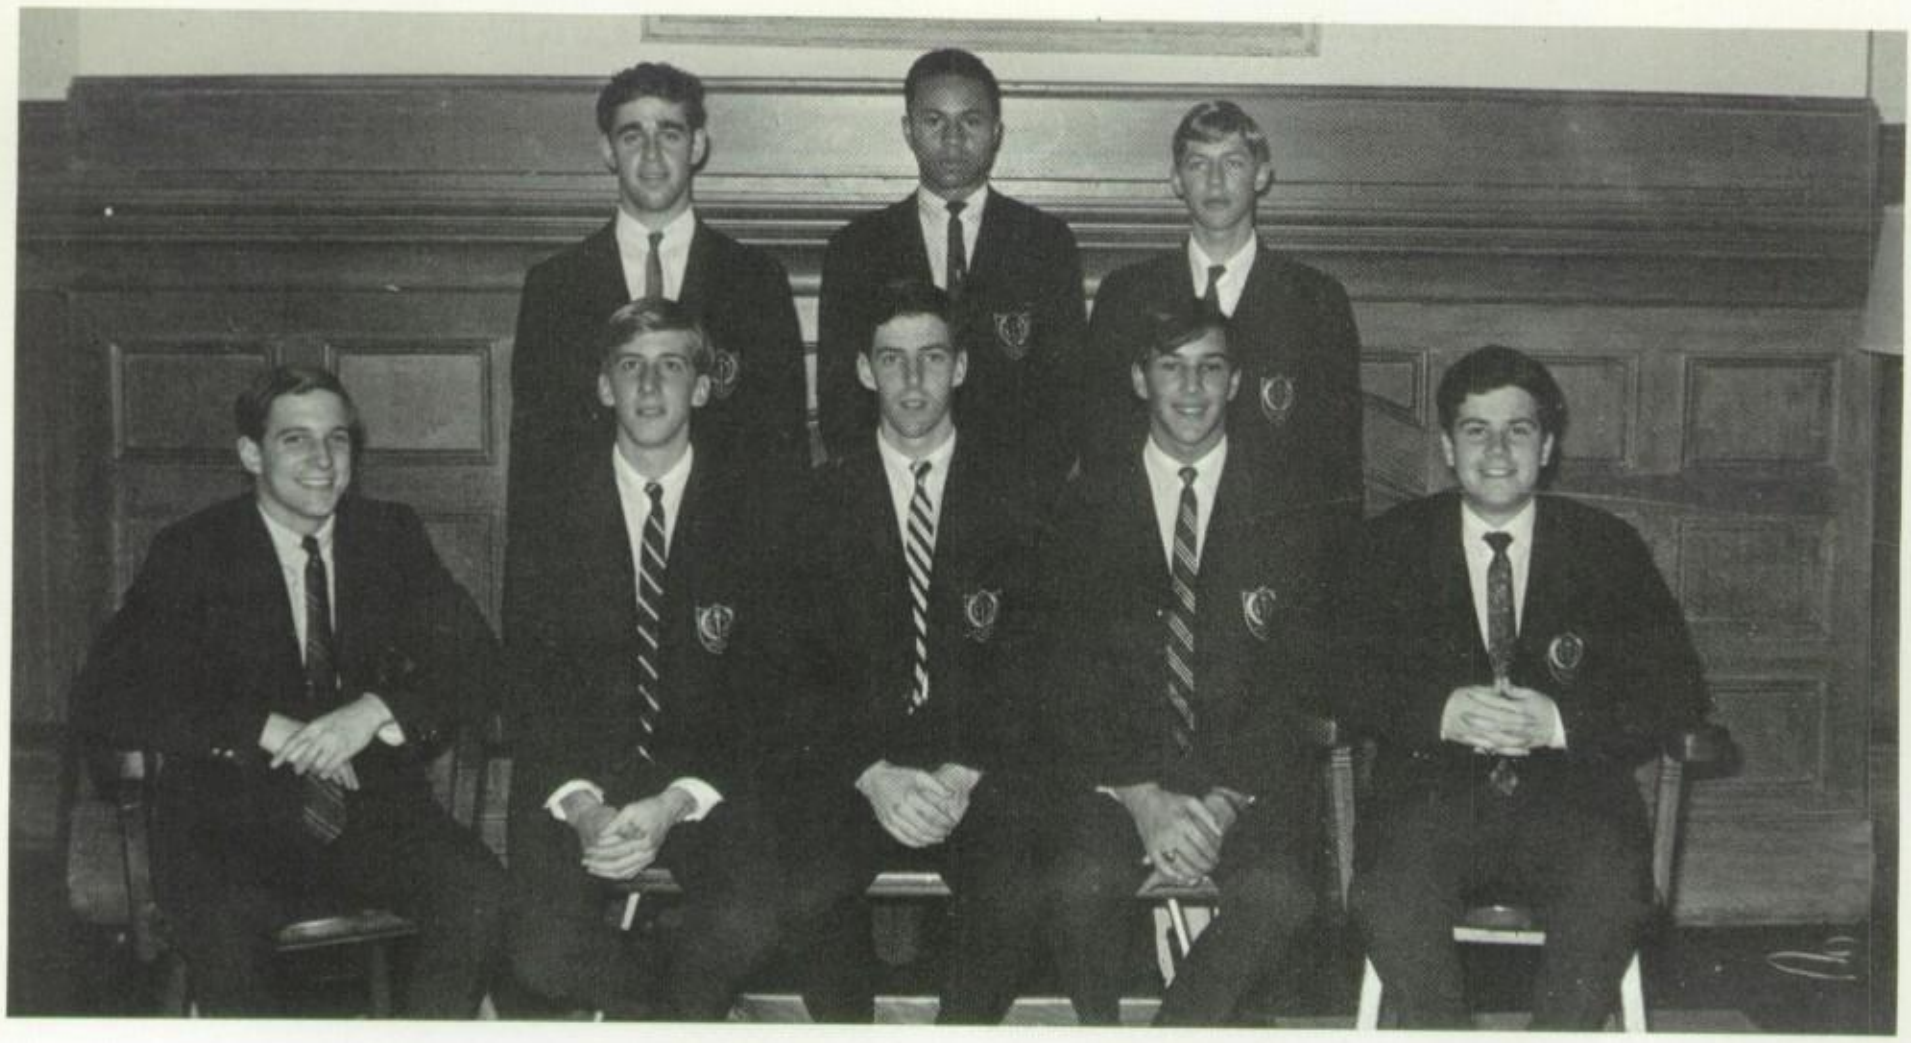
MR. AND MRS. WILLIAM G. DEXTER

It is with a deep sense of gratitude that we dedicate this year's *Hilltop* to Mr. and Mrs. William G. Dexter. There is no one more devoted to the school and its students.

Mr. Dexter, in his temporary role of Headmaster, has done more than could be expected from a headmaster of one year. He tightened the Hackley community and gave everyone greater concern and pride in the school. He brought parents closer to the school early in the year and always displayed an enthusiastic interest and confidence in everyone. He gave the students increased participation and control and showed an unusual liberality in the Community Council.

But we could not think of Mr. Dexter without recognizing the many years Mrs. Dexter has worked with the mothers of Hackley boys. She has the same interest in the school and its boys as does Mr. Dexter. This year, besides her long, hard work in the Lower School, Mrs. Dexter helped plan and redecorate the Dining Room, and contributed much of the effort in compiling the recipe book that will raise money to bring an Exchange student to Hackley.

A book could be and sometime should be written on how much Mr. and Mrs. Dexter have contributed to the growth of Hackley and its boys, but we of the *Hilltop* feel that these few glimpses into the past year will show a little of what Mr. and Mrs. Dexter have meant to the Class of 1967.



EDITORIAL BOARD

Having published the summer supplement, this year's *Hilltop* staff decided it was time to change publishers. This change meant a loss of at least half the paperwork that had been done previously. The objectives of the staff were quality and variety. We believe that we have produced a yearbook which will make anyone proud to remember his years at Hackley.

There are many innovations in this year's issue. Because of the drive and industry of our co-business managers, Brett Roberts and Steve Frumkes, we were able to include the color shots which are used as dividers in the yearbook. The section on the underclassmen was changed in order to give more attention to individuals and to break away from the class articles, replacing them with candids of the classes.

Other areas of change in the book are the Junior Varsity and Freshman sports pages, the faculty section, and the activities section. Finally, the staff of the *Hilltop* feels it has left Hackley with one of the most striking covers it has ever had.

But how did such an imaginative and novel yearbook come out? Under the auspices of Mr. Naething, the editor, Bob Royle, could hardly forget his deadlines. Mr. Naething would ask, "Do you know what today is? How many pages are you going to have for me?" But Bob gave Mr. Naething confidence by replying, "I know. Don't worry. There's no problem."

But Bob had a hard working and diligent staff behind him. Mat Gluckson spent half his senior year taking pictures, and the other half in his dark room with his assistant. Occasionally Mat would become frustrated when Charlie Colgan would post lists of the 96 pictures that had to be taken for the next deadline. Matt would in turn post brief messages for

Charlie, "Charlie: Forget it!"

Charlie Colgan was the utility man of the staff. He dabbled in photography — Mat will testify to that — helped Bob remind his staff of their duties, and typed and laid-out pages.

With Brett Roberts, Steve Frumkes and Marty Greller selling ads, the financial aspects of the yearbook were well taken care of. In fact, Brett never stopped talking of Steve's Mr. Topp's ad. Marty's only problem was running out of ad forms, while Brett's only problem was Steve.

George Burr did the sports section almost completely by himself. From his 300 stat. sheets, George knew more about the players than they did themselves. Not only the *Hilltop* but the entire school is indebted to George for his sports coverage during the past few years.

Fred Bailey's wit was appreciated by all in the publications room, when he wasn't playing basketball. But Fred did put in some hard work for the *Hilltop*, laying-out pages, instructing others, and adding humor to the dreary life of the yearbook staff.

These students formed the nucleus of the *Hilltop* staff, but Burt Yankiver, Dave Rosen, Mike Felder, Paul Spinelli, Eduardo Cue, Frank Puzio, and Jon Groetzinger deserve special recognition for their work.

The *Hilltop* would like to thank Mr. Dexter for the many hours he spent taking team pictures, and, of course, for the four magnificent color photographs.

But before the *Hilltop* leaves the Pub Room, we would like to acknowledge the fine cooperation of all the activities in the taking of the pictures, especially The Forensic Society.

STAFF

TO THE CLASS OF 1967

I am delighted to have the chance to address a few final remarks to one of my favorite classes. Some of you I first knew many years ago as lower schoolers, but this was the first and only group I have had the chance to follow closely all the way to graduation. I could not be happier about you as a class. You represented very few problems to us. Your attitude was excellent. You worked enthusiastically with me in my unfamiliar surroundings. You gave us real teamwork, one of the things I was looking for from the start. From what I have already seen of the yearbook, it promises to be still another example of your imagination and devotion. At the beginning of the year I forced a few changes upon you, with some of which I knew you were out of sympathy, but you took them in stride, without complaining. What seemed to me to be significantly better school spirit this year can be very largely attributed to the unusually good spirit of an unusually good Senior Class.

By and large, you gave us a fine year, even allowing for that somewhat grisley time just before Christmas vacation, when the whole world seemed to be tumbling down around all of us, but most particularly around you. Something has to be done so that future senior classes will not have to undergo that. You have liveliness and spirit. Who can forget the Halloween Horribles or the soft drink can Christmas tree decorations on the Quad? That same spirit was positive and contagious, and all of us benefited from it. Your leaders had imagination. Not every class can boast of that!

All of it enabled me to be really enthusiastic about each of you as I spent Christmas vacation and much of the early part of the winter term amplifying Mr. Bridges' warm recommendations on your college transcripts. But as I wrote those, I was reminded over and over again of how much you can help or hurt us by your performance in the next four years. You can help us here tremendously if you can but live up to the confidence we have expressed in you, and you can give those who follow you a much better chance of getting the same type of acceptances because of your success. Do keep that in mind.

And in this same vein you can be helpful in another way. Come back! Tell us what it is like where you are. Then tell us what we are doing well, as well as what we are not doing that we should. I make a point right now of trying to do that with all the young alumni as they visit with me. Next year, and in the years to come, keep us in mind for good boys. A school is only as good as its student body. We will be losing a lot of good members very shortly when you depart. Send us some good replacements. Send us more like you.

We will miss you. You have been good to us. This is a glad time for most of you, a sad time for some. For many of us on the faculty, the same thing is true. I know that I, particularly, will miss you all, the senior class I have come to know best in all of my years here. Come back and visit me, too. I will hope to be around to greet you for a good many years to come.

Our warmest good wishes go out to you and with you. Congratulations on a job well done!

Cordially,

William P. Dexter

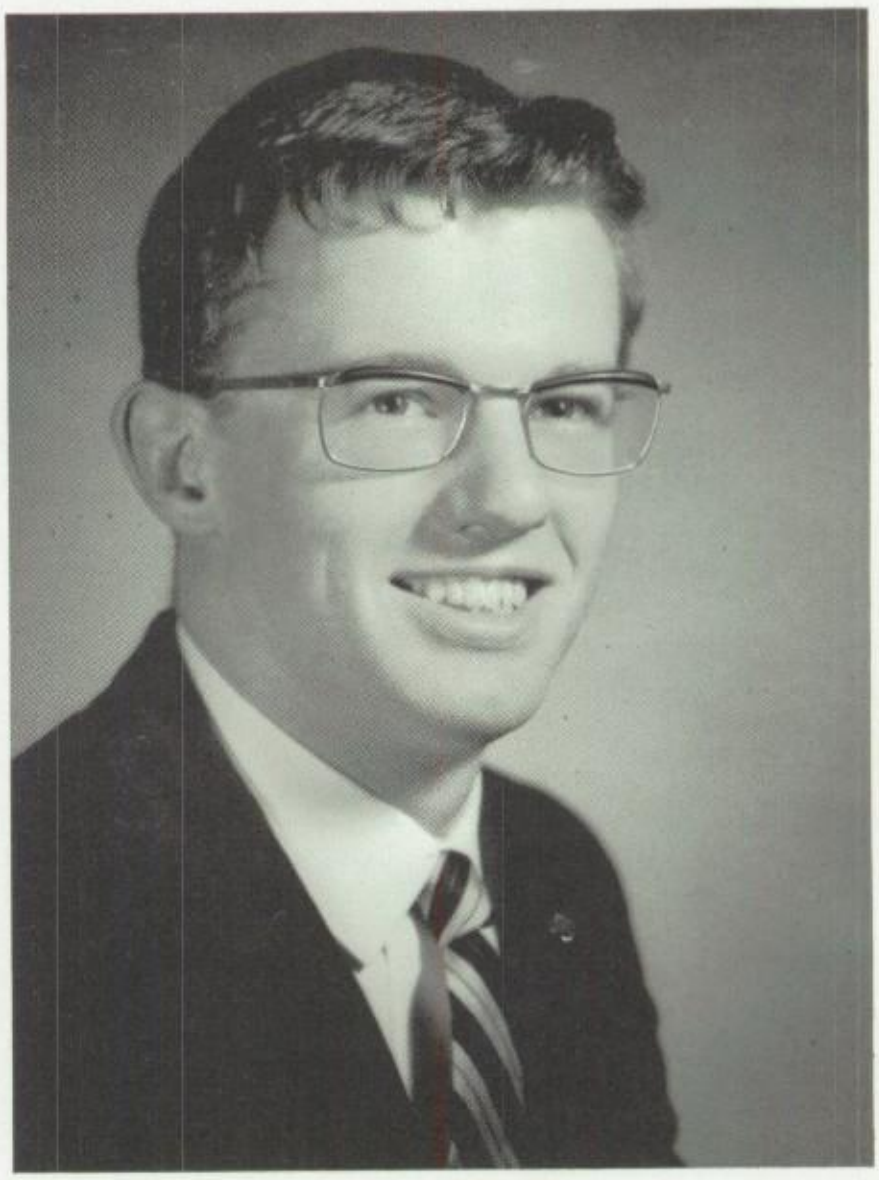
Golf, 4.

Columbus did not know what he found when he discovered America.

Pin cushion patch . . . I quit smoking — except cigars . . . Harold Wilson is a great conservative Prime minister . . . thanks for showing me that card trick, Rosenberg . . . are you really English??.



SENIOR HISTORY

CLASS OF 1967

Call me Ishmael. I was among the original Class of '67 and I alone am left to tell:

In the beginning the word was McGillicuddy; Rocky Rockwood, Barton, and Schneider were his adjectives; Kimmel and Gronauer became their direct objects; and Armstrong, Kitredge, and Hord were mere interjections. The following year, as Colgan rolled in to Frumkes' salient salute of "Hail, Peasant," a certain problem arose. Apparently, on one of Mr. Wilkins' excursions, several actors began to feel the pangs of being clipped by the audience. Soon McGillicuddy and Schneider left. There were then seven, and all was relatively calm.

The seventh grade year was truly chaotic. Kitredge left softly while Frumkes kept order by means of the peacemaker. The Klein brothers, together with Adler, Nagler, and Schwartz, formed a minor league of their own. Then, with the intervention of Chamberlain, Barton, and Tony Rockwood, the group became the "G.F.'s" and meetings were held in the sanctuary. Jovanovich and Facciolo continued fighting over whose hair was the "brilloiest," but in the public opinion they remained eggheads. Then a wall dropped due to the twinkling of toes in the music room. Yet another catastrophe occurred on the soccer field: Maseri let the timer run over; needless to say, the same thing happened to him by the irate squad. He may still be running.

The last year of the Lower School brought on more dilemmas due to the increased influx of new friends to the class. After another excursion to the movies 8H and 8A decided to practice some basic fundamentals of recreations from *West Side Story*. However, it ended as a boxing match in which no one participated. Then there was the Rocky Rockwood versus Buzz Burrows round in the coat room for the Paper Weight Championship of the world. Soon Rockwood and Armstrong left and only six of the original class remained. Bob Royle, after getting used to wearing his coat and tie to school, proceeded to get himself lost in the New York subway. John Hand also dropped out of sight when he crossed to the other end of the football field at Rye. On the soccer field Dave Manes, in all his belligerence, kicked Mr. Buessow in the shins. The coatroom was also subject to brutal foot maneuvers, and as a result Tartarus gained a new source of ventilation. Near the end of the year Tony Rockwood delivered a crushing blow to his brother's head and wound up with a broken arm. In the race for president of the Lower School Ian

Waldie edged his formidable opponent, Mark Heid. Our final days in the Lower School were marked by a new disease; the symptoms of which were a peculiar sneezing. The Class of '67 left many marks in the Lower School.

And so we arrived in the Fall of '63, eager for the good times and the freedom of the Upper School. As Hoffman, Kennedy, Avery, and Sutter came in, a new party was formed: Rosen and Kimmel never had a chance. Finally, Burrows got together with Avery and stormed through Kimmel's room, and the original class was diminished to three. When Barton wrote his verbose Latin exam for Mr. McAuliffe, the number was diminished by another. When Gronauer left, we were knitted by one and pearled by two — whatever that means — with Hord the sole survivor. While Banner was falling off basketballs, Mike Chen was winning "Emmies" for his performance of agony. After a hockey game Mr. Colburn took Hand to the hospital to treat his eye injury. However, he bumped into the car door and had some stitches of his own. The year was highlighted by the joint freshman-sophomore dance.

As the sophomore year began, Schmidt was elected president and Facciolo was elected to guard the money. Academically, medieval students were falling madly in love with Eleanor and carrier warfare and disappearing on trips to New York City. Chamberlain was thinking geometry was square, and according to the class average, the class wasn't thinking.

When Anderson made the class's presence felt in the pool by breaking all backstroke records and becoming All-America, Mr. Havens began thinking about a new pool. When Baker, Matthews, Johnson, and Heinze arrived in the junior year, the mechanics for a new pool had begun. Sulenski hoped to better his time in the 400-yard freestyle by rooming with Anderson. Bueler arrived barefoot on the soccer field, and Hirshey arrived asking questions.

While Mr. Bridges was trying to stress the importance of organizing our college plans, Salinger, Bailey, and Manes, were stressing the importance of organizing weekend plans. Guthrie gave periodic lectures on Freud in English 3H, and McLaughlin, joined by Guiler and Le Fameux Rosenberg, led fourth period rebellions. Richter pulled the outstanding move of the year, convincing Mr. Frese that his room was the place for Mr. Frese's refrigerator. Toward the end of the junior year, ecstatic over the college boards, Ben Cohen had begun the "No-doze" tradition, and Kraus had begun another tradition.

Senior year, led by Waldie and Royle, we began our battle for privilege and responsibility with the faculty. Waldie had power to gain, Royle had much to do, Johnson had much to say, and Hord created. In addition to the ever-present pressure for grades Hord, Avery, and Rosen were organizing the famous "Black Mass" and reciting from *King Lear* and *Hamlet* outside Mr. Naething's window.

Not really understanding why New Boy Day had to be called off, the seniors completed its demolition. On December 5 the college boards came, and so did Manes's party. The weekend before Christmas Hand gathered a group and built the famous "Dinky Rink" — a noble effort which succumbed to Mother Nature. Another individual masterpiece was Hord's "canned Christmas tree," with the message "Have a Cool Yule and a Burst on the First!"

Andrews was the first in college, followed closely by Rachlin, Groetzinger, and Nagler. Groetzinger celebrated the festive mood by leading an Hungarian "happening." For the first time the drama club did a play with the Masters School, and Butterworth proved to be the star attraction. After Manes's second party the class was unified toward good times, evidenced by the demand for Cliffs and his two accomplices, Monarch and Study-Master, and by the results of the sixth-grade grammar tournament.

And so, in unity, the Class of '67 would like to bid farewell to the Hilltop. Graduation has been a long time coming, but we have both endured. What lies ahead, we cannot say, but our history we shall always cherish.

SENIOR WILL

ADLER leaves Nagler's car alone

AGURCIA leaves his wrap-around glasses to his brother

ANDERSON leaves in a little black Volkswagen

ANDREWS leaves the intertoinex fibre to be discovered

AVERY leaves his peroxide to Wootton

BAILEY leaves to round up some Colts

BAKER leaves his breast stroke record to Sinatra

BANNER leaves chained

BLAUVELT leaves unchained

BUELER leaves knowing why St. Bernards carry kegs

BURR leaves with an open mouth

BURROWS leaves the phone booth to Mr. Pickert

BUTTERWORTH leaves Dobbs — loved

CHEN leaves religion to "Mission: Impossible"

COHEN leaves the Hackley attic alone

COLGAN leaves the soccer balls all over the hilltop

FACCIOLO leaves his shirt to Mr. Schneller

FLACK leaves — see how he runs

GLUCKSON leaves in a flash

GREENE leaves red

GROETZINGER leaves 981 merchants in White Plains

GUILER leaves to write the history of the school with William Manchester

HAND leaves Hamlet's goodies to the English Department

HARALAMBIE leaves the game ball to Mr. Szabo

HEINZE leaves the pronoun to its antecedent

HIRSHEY leaves, but before he goes, "What did you get on the boards?"

HOFFMAN leaves

HORD leaves his room to the Museum of Modern Art

JOHNSON leaves his 95 Theses on the door of Room h

JOVANOVICH leaves Mr. Schneller alone

KENNEDY leaves betrayed by Johnson & Johnson Sheer Strip

KLEIN leaves his luck to Spinelli

KRAUS leaves knowing his ABC's

McLAUGHLIN leaves — if he makes it down the hill

MAEDER leaves Stelle outside the Senior Room

MANES leaves for someone else's party

MASCIA leaves with the car doors locked

MATHEWS leaves his silver nitrate in the chem lab.

MINGO leaves chasing Sutter

MITCHELL leaves Nathan's slightly worse for the wear

MOOSMAN leaves his English Boards to Cole

NAGLER leaves knowing which way Broadway runs

NIELSEN leaves Francis Brown — reluctantly

PICHITINO leaves his engine block on the quad

RACHLIN leaves for Amherst — which proves that God is not dead

RICHTER leaves gasping

ROBERTS leaves his smile to Mr. Neilson

ROCKWOOD leaves the Butt Hole to the wrestling team

ROSEN leaves everybody with a toothmark

ROSENBURG leaves Betsy in Philadelphia

ROSLOW leaves snifling

ROYLE leaves his sister to the E.S.U.

SALENGER leaves "where the Action Is" to Dick Clark

SCHER leaves fifth period

SCHOR leaves his Rolls Royce to Evelyn

SCHWARTZ leaves the bakery short-handed

SINZHEIMER leaves his smoking permission to Matt Sampson

SKLAR leaves his sneakers to Avakian

SULENSKI leaves things undone

SUTTER leaves his halo to Downey

WALDIE leaves — subject to faculty approval

YANKIVER leaves HIS swim team to Mr. Havens

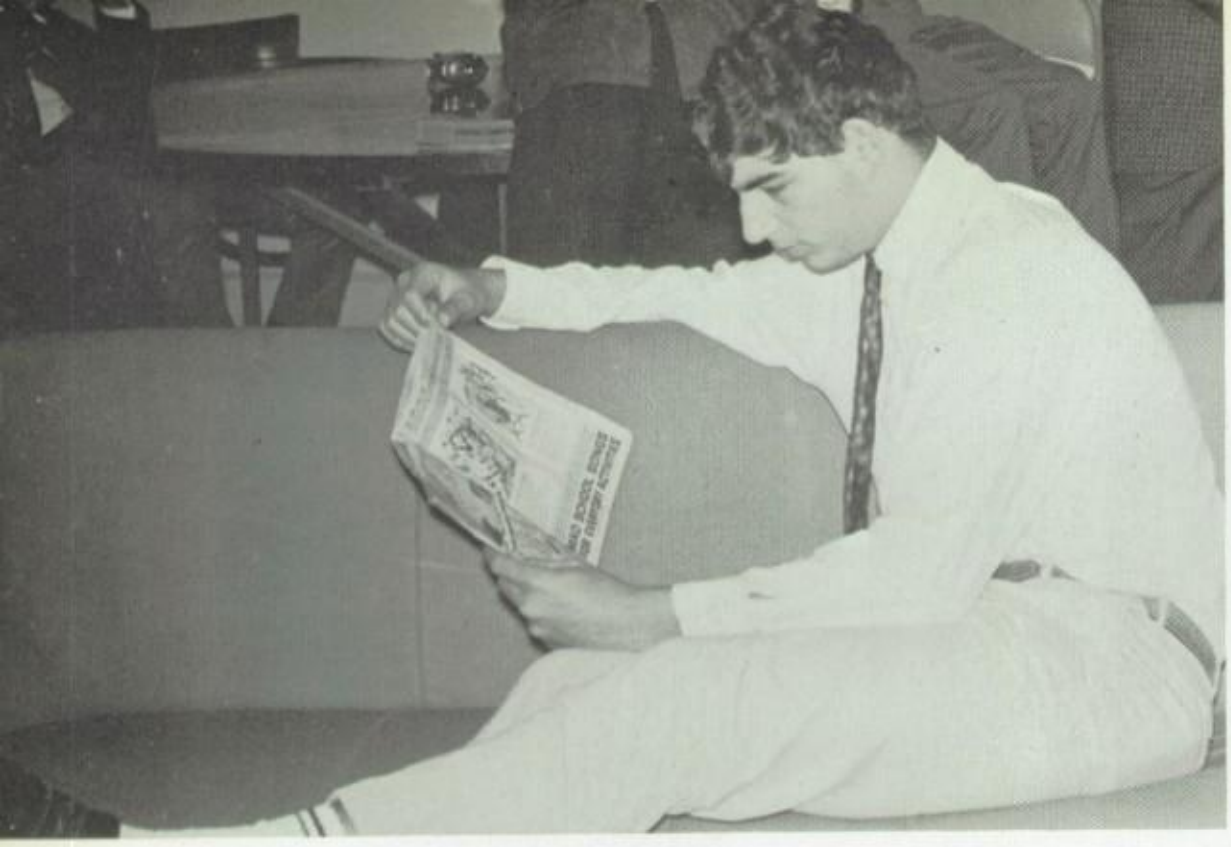
HACKLEY
39

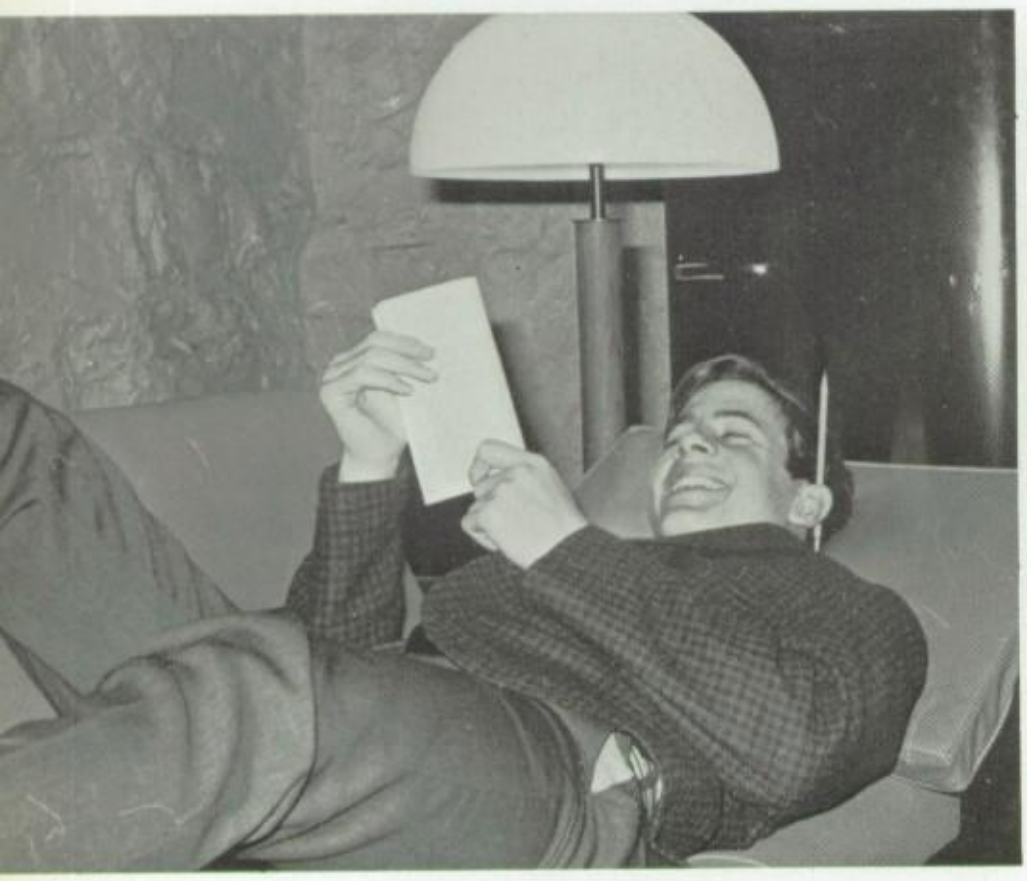
TWENTY-FIVE YEARS DEDICATED SERVICE

Hackley is happy to acknowledge this year the faithful service of Mrs. William G. Gillim and Mr. Royal A. Clark who have both served Hackley for twenty-five years.

Mrs. William G. Gillim came to Hackley in 1942 as a part-time librarian under the administration of Dr. Mitchell Gratwick. Since then she has become the full-time librarian, and under her diligent guidance the library has nearly tripled in size in twenty-five years. Before coming to Hackley, Mrs. Gillim attended Willamette and Columbia Universities and worked in the New York Public Library. She has had two sons attend Hackley and has always shown great love for the school in her service and devotion to Hackley and the boys of Hackley.

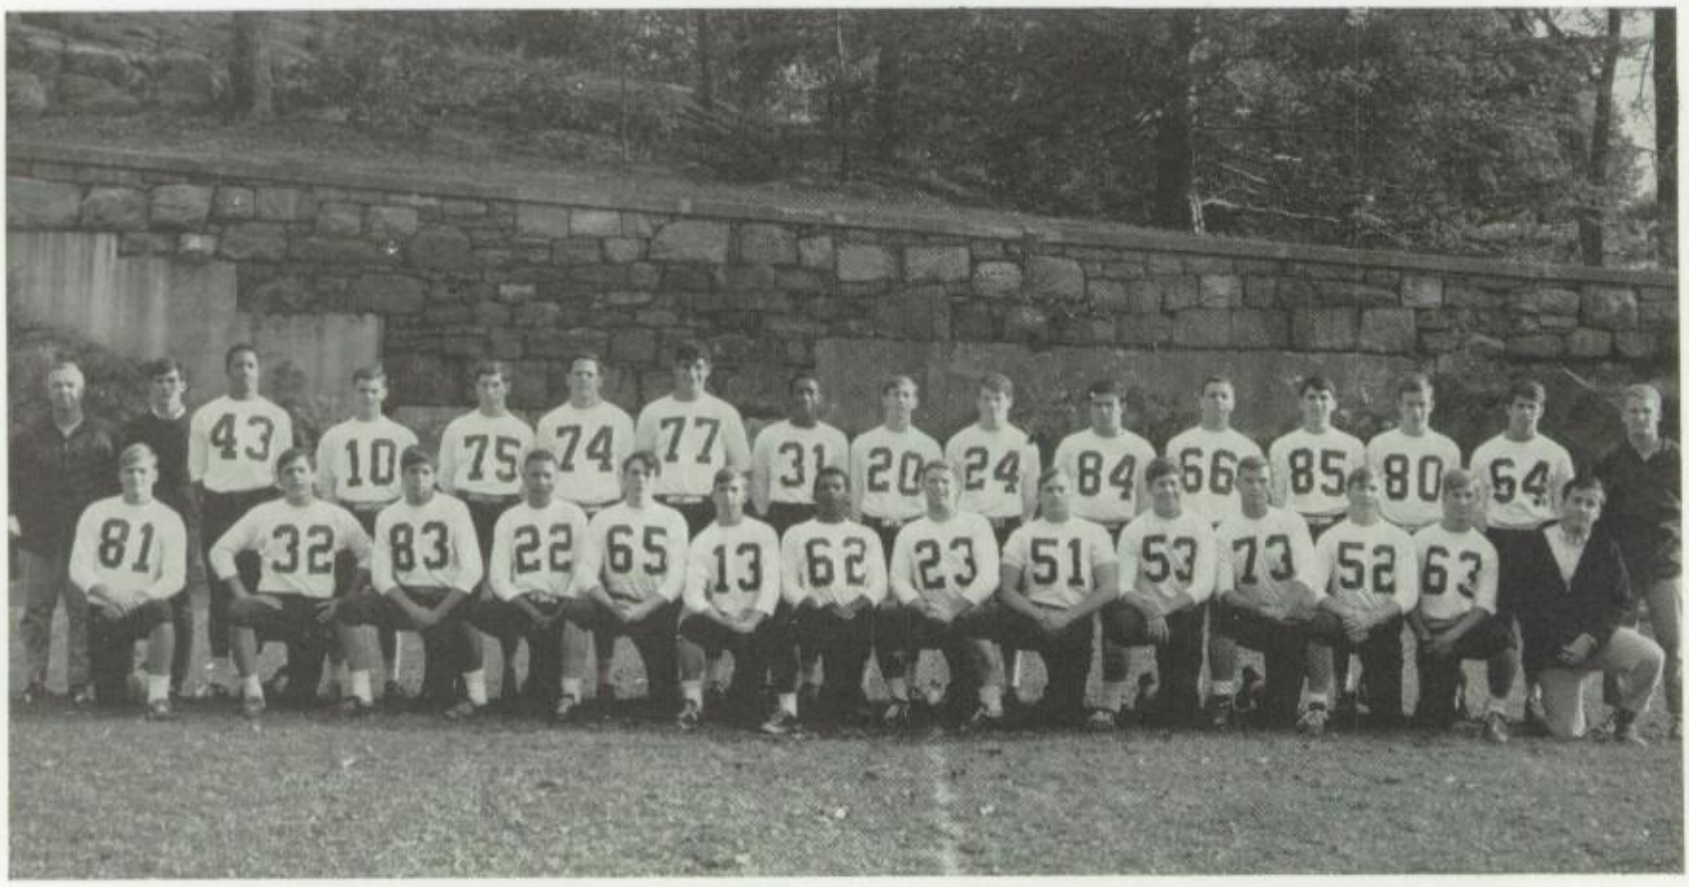
Mr. Royal A. Clark came to Hackley in 1942. Since then he has been the Superintendent of the Buildings and Grounds, Business Manager, and Assistant Treasurer of the school. He is a distinguished member of the Exchange Club of the Tarrytowns and has always worked for better relations between Tarrytown and the hilltop. His wife, Mrs. Anne Clark, is an assistant nurse in the infirmary, and Mr. Clark has a son who attended Hackley. He has always shown a serious concern for the welfare of the school, and his fine service to Hackley deserves our highest praise.





VARSITY FOOTBALL

Robert Sampson and Robert Pickert, Coaches
Ian Waldie and Herman Burrows, Co-Captains



MEMBERS; Waldie, Burrows, Cole, Mann, Avakian, Lightfoot, Baker, Phillippo, Sampson, Mullings, Connor, Stewart, Sher, Budlong, Bollbrock, Dillon, Mc Donald, Bolden, O'Shea, Cohen, Kraus, Mooseman, Mingo, Chen, Roslow, Haralambie.

The 1966 Hackley Football Team arrived at the Hilltop August 31. Another football season was starting, but something was missing. It seemed that Hackley had lost the depth, power, and scoring punch that had been its trademark for three years.

In the opening game Hackley played host to Blair Academy. On Hackley's third play from scrimmage Burrows took a screen pass from Sampson and ran sixty-six yards for the score; Sampson ran for the extra point. After the ensuing kick-off, Connor intercepted a pass and ran forty yards for the touchdown. Burrows plunged through the line for the extra point, making the score 14-0 at the quarter. Blair scored early in the second quarter, but Burrows put the game out of reach with a fifty-seven yard run just before the half ended. Neither team scored in the second half, and the game ended with Hackley on top, 20-7. Waldie ran thirty-five yards with an intercepted pass to quell a late Blair drive.

In a game played in a driving rain, Hackley edged its way past Stony Brook, 6-0. Connor and Burrows connected on a fifty yard pass play early in the first quarter for the game's only score. The rest of the game was typical of rainy weather football, neither team being able to mount a decisive attack.

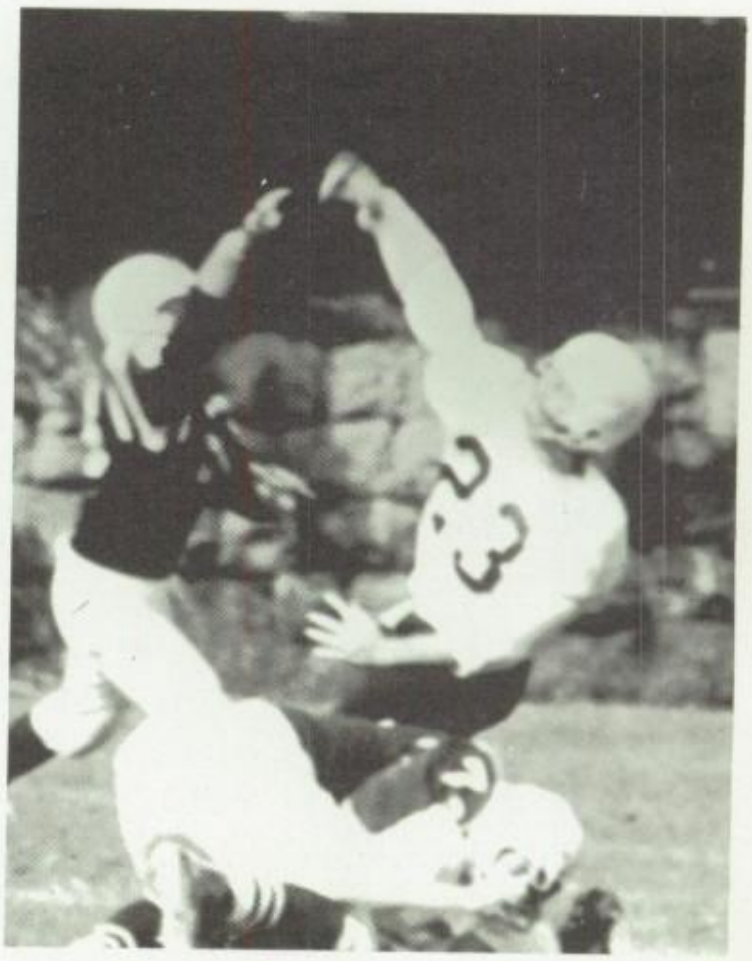
Hackley ended its winning streak when the team lost to Riverdale, 32-13. Over four years Hackley had won twenty-two of twenty-five games, the two losses and a tie at the hands of Riverdale. Hackley's offense and defense were both out-classed by Riverdale's; however, there were a few bright spots for Hackley. Mark Phillippo picked up a Riverdale fumble and ran twelve yards for the score; Sampson made the extra point. Kip Mann intercepted a pass, and Ian Waldie had a fine day rushing.

Stunned by its loss to Riverdale, Hackley made numerous mistakes and lost 18-14 to Peekskill Military Academy. Both Hackley touchdowns were scored by Burrows on passes from Sampson. To make matters worse, Hackley failed to mount an effective attack the following week against Poly Prep. Hackley was consistently in Poly territory, but it scored only once, and the game ended in a 7-7 tie.

Having played well for three quarters of the game, Hackley was leading Newark Academy 31-13 in the fourth quarter. Newark stormed back, closing the gap to 31-27 with two minutes to go. Dennis O'Shea shut out Newark's hopes by intercepting a Newark pass on the Hackley five yard line with less than a minute to go in the game.

Hackley finished the season on a strong note by crushing Horace Mann 41-6. Cole went sixteen yards on a tackle eligible pass. Avakian went six yards on a pass from Sampson, Burrows ran forty-eight yards, Sampson returned a punt forty-four yards, and Wooten ran fifteen yards for the Hackley touchdowns.

Becuase of the record for the past three years, this year's final record of 4-2-1 did not seem impressive, but it was quite good. The team overcame many deficits throughout the season, but some of its mistakes were not corrected, and these were reflected in the losses.



VARSITY SOCCER

Paul Szabo and Cadwalader Brooks, Coaches
Peter Anderson, Captain

MEMBERS; Peck, Royle, Winter, Cerda, Mc Graime, Bueler, Colgan, Mr. Brooks, Heinze, Butterworth, Hirshey, Blauvelt, Anderson, Manes, Mc Laughlin, Bailey, Groetzinger.

The 1966 Hackley Soccer team was full of spirit but was hampered by injuries to key players. Hackley opened the season by bombarding Rockland 6-0. Baird Banner scored Hackley's first goal on a pass from Peter Anderson. Then Cliff Blauvelt scored the second goal on a beautiful header. Fred Bailey scored the third goal on a pass from Dave Hirshey and put in the fourth goal unassisted. Andrew Butterworth and Dan McLaughlin completed the scoring for Hackley.

In a game played under miserable conditions, Hackley managed a 3-2 win in overtime against Trinity. Banner clinched the victory by taking a pass from Hirshey and beating the Trinity goalie.

The team continued its winning form by beating St. Paul's 1-0. In a game which was considerably affected by a strong prevailing wind, Dave Manes managed Hackley's only score.

Hackley next met Riverdale, the defending league champions, and managed a 2-2 tie. McLaughlin opened the scoring, and Riverdale soon evened the teams. The game remained tied until Manes scored on a sensational corner kick. Thirty-five seconds before the end of regulation play Riverdale tied the score again. The game ended deadlocked 2-2.

The following game with Horace Mann was also tied 2-2. Bernie Heinze scored on a penalty kick to give Hackley the lead until Horace Mann evened the score on another penalty shot. Horace Mann then scored to take the lead 2-1. In the third quarter Hirshey boosted a long cross in front of the goal, which Mc Laughlin kicked in, tying the score 2-2.

The next game at Poly marked the team's downfall. Even though the team remained undefeated, it could salvage only a scoreless tie with a team it greatly outclassed.

The team knew it would have to beat Riverdale in order to win the League. Against Riverdale, the Hornets outplayed the Indians but were unable to score. Riverdale scored a lucky goal, then added a penalty kick 15 seconds before the end, to win 2-0.

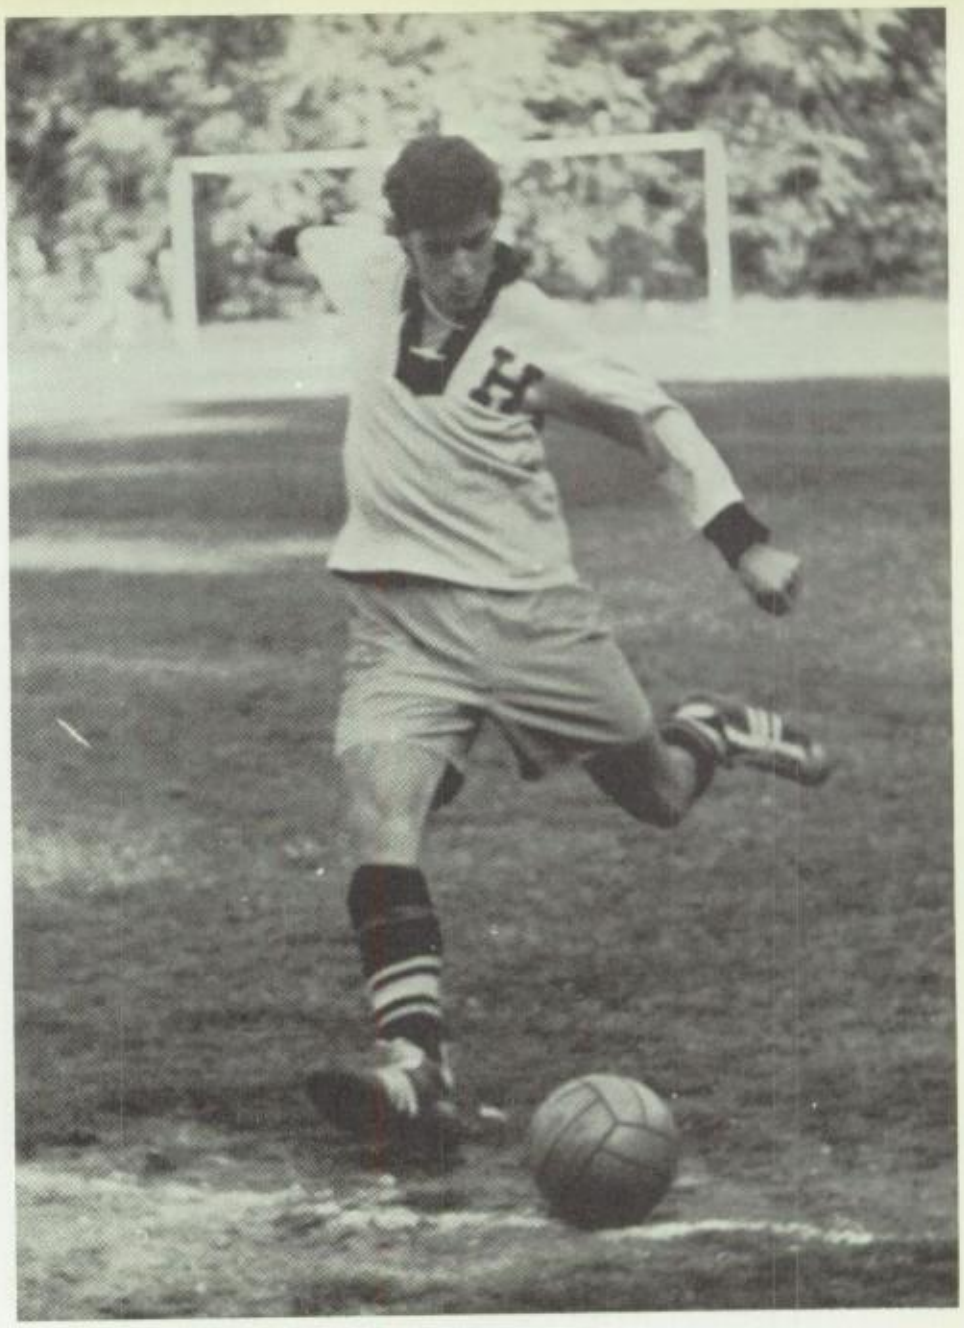
The Hornets played a good game, but were again unable to score against a rugged Horace Mann defense. Horace Mann won the contest on a questionable goal in the first period 1-0.

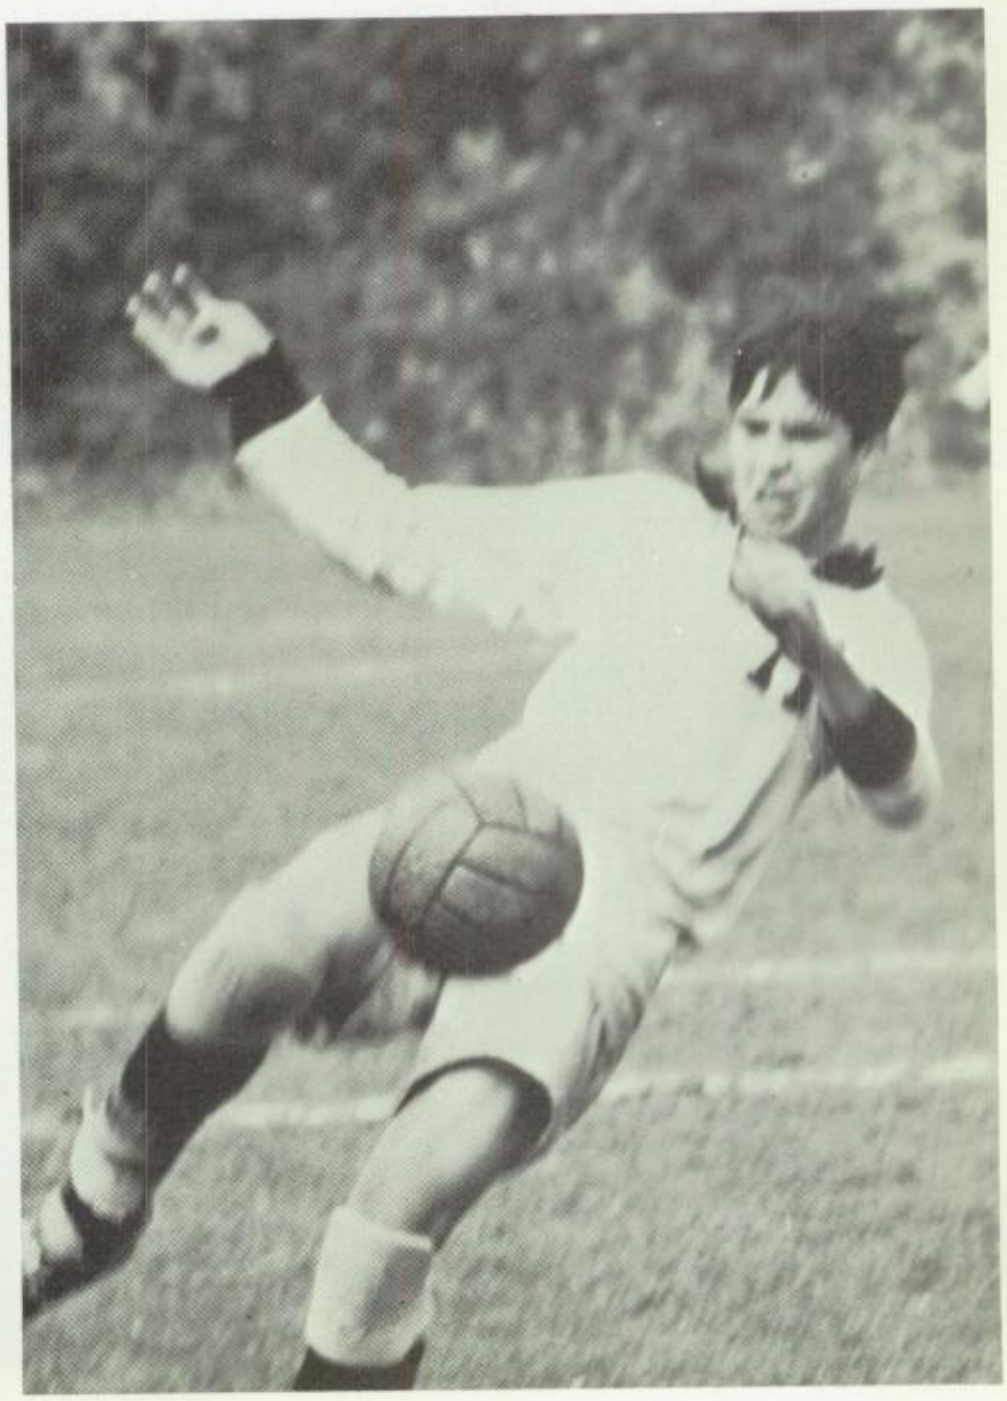
The team composed of almost all seniors still possessed the same spurt which compelled them all season long and wanted to win its two remaining games and end on a successful note.

Against Trinity the offense finally began to click. Hirshey fired the ball into the net to start the scoring. Near the end of the first half, Mc Laughlin scored Hackley's second goal. Hirshey scored his second goal on a penalty kick, and the game ended 3-0.

In its final game of the season Hackley achieved its revenge on Poly Prep by beating the Brooklyn School 1-0 on a goal by Mc Laughlin.

The defense, led by Anderson, Royle, Heinze, Groetzinger, Gluckson, McGraime, and Peck, was almost impenetrable throughout the season, and the offense of Bailey, Blauvelt, Butterworth, Mc Laughlin, Hirshey, and Manes frequently showed flashes of brillance. Taken together, the offense and defense blended into an effective unit held together by desire, spirit, and strong guidance by Coaches Szabo and Brooks.





VARSITY CROSS COUNTRY

Mr. William Mayher, Coach
Barry Mitchell, Captain

MEMBERS; Mitchell, Schwarz, Blumenfeld, Van Renen, Beck, Pitchitino, Falk, Guiler, Courtney, Ball, Jemal, Roberts, C., Douglas, Cosman, Roberts, R., Roberts, B.,

The 1966 Varsity Cross Country team finished its season with a good 6-3-0 record. The combination of returning lettermen and newcomers gave the team strong depth, something which it has lacked in the past.

Hackley's only shut-out was encountered in its first meet. In the driving rain the team lost 15-40 to Stony Brook. Running without cleats on the wet grass, the harriers were unable to gain any traction, and Stony Brook easily took the first five positions. John Beck, Captain Barry Mitchell, Bill Andrews, Jim Pitchitino, and Louis Vanrenen followed for Hackley in a losing cause.

The next meet was against Horace Mann at Van Cortland Park. Horace Mann took the first three places, but Pitchitino, Mitchell, Beck, Andrews, and Vanrenen gained valuable points for Hackley. The score was Horace Mann 6 and Hackley 30 with four runners left on the course. Terry Lindgren and Conley Falk displaced Horace Mann, but with no more Hackley runners left on the course, Horace Mann won a slim 29-30 victory.

Hackley opened up its home season by nipping Riverdale 27-28. Riverdale placed first and second, followed by Pitchitino, Beck, and Mitchell. Riverdale also took sixth and tenth, but Vanrenen and Falk gained seventh and eighth to gain a close victory for Hackley.

Hackley soundly defeated Concordia 18-45 to make its record 2-2. Hackley placed seven runners in the first eight places to gain an easy victory. The Concordia team protested that it had lost their way on the course, but later conceded defeat.

In the next meet Hackley bombarded St. Paul's 15-53 by taking eight of the top ten places. Mitchell, Pitchitino, Beck, Falk, and Phil Blumenfeld scored for Hackley, and Jeff Guiler, Gary Douglas, and Mike Courtney received displacement points.

Hackley recorded another victory by defeating Alexander Hamilton High School, 18-55. Pitchitino, and Mitchell placed 1-2 and Alexander Hamilton third. Beck, Vanrenen, and Falk followed for Hackley, and Andrews, Courtney, and Douglas put the meet out of Hamilton's reach.

In the W.P.P.S.A.A. meet Hackley placed a disappointing fourth out of the four teams participating. However, Mitchell and Pitchitino placed fairly high in the scoring.

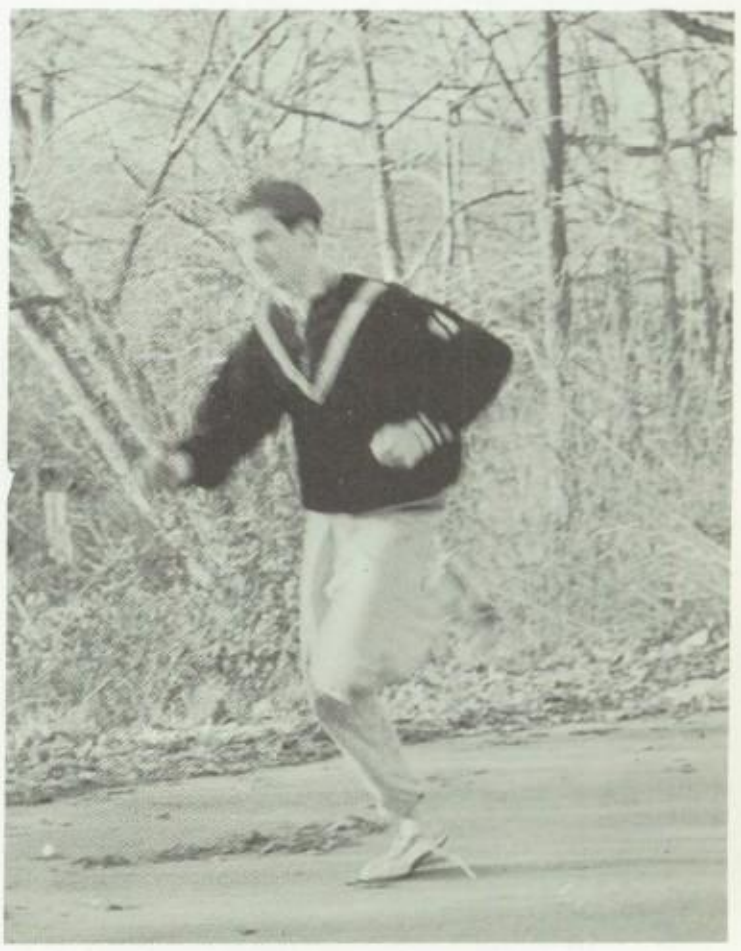
Hackley rolled on to its fifth straight dual meet victory by defeating Storm King 17-38. The unusual trio of Mitchell, Pitchitino, and Beck placed first, second, and third. Andrews and Falk placed fourth and seventh to round out Hackley's scoring.

Against Poly Prep, Mitchell, Pitchitino, and Beck placed together, but Poly was still able to defeat Hackley, 20-35. Falk and Douglas scored the other Hackley points.

In the final meet of the season, Hackley defeated P.M.A. 24-34. Both the first and second place finishers set records; P.M.A. set the course record of 12:26; and Mitchell broke Bill River's record with a time of 12:39. Pitchitino followed Mitchell, and then in came P.M.A., Falk, Andrews, and P.M.A., making the score P.M.A. 12, Hackley 16. Blumenfeld placed eighth for Hackley, and Douglas and Courtney displaced P.M.A.

In the six-team Ivy League Meet, Hackley placed a disappointing fifth. Stony Brook had 19 points, Horace Mann 56, Poly Prep 76, Riverdale 111, Hackley 115, and St. Paul's 182. Mitchell, Pitchitino, and Andrews, along with Buzz Burrows, placed for Hackley.

Although Hackley had a disappointing multiple team meet record, its dual meet record, an impressive 6-3-0, was excellent. The team will lose seniors Mitchell, Andrews, Guiler, and Pitchitino, but with such upcoming boys as Beck, Vanrenen, and Falk, as well as other promising runners, there will be the nucleus of a fine team returning next year.



VARSITY BASKETBALL

W. Brooks Rice, Coach.
Stuart Salenger, Matthew Sampson, Co-Captains

MEMBERS: KNEELING: Beck, Sampson, Salenger, Philippo; STANDING: Morison (Manager), Bolden, Bolbrock, Bailey, Avakian, Mr. Rice.

The Varsity Basketball team had a good 11-6 record, finishing third in the Ivy League and first in the Briarcliff Tournament.

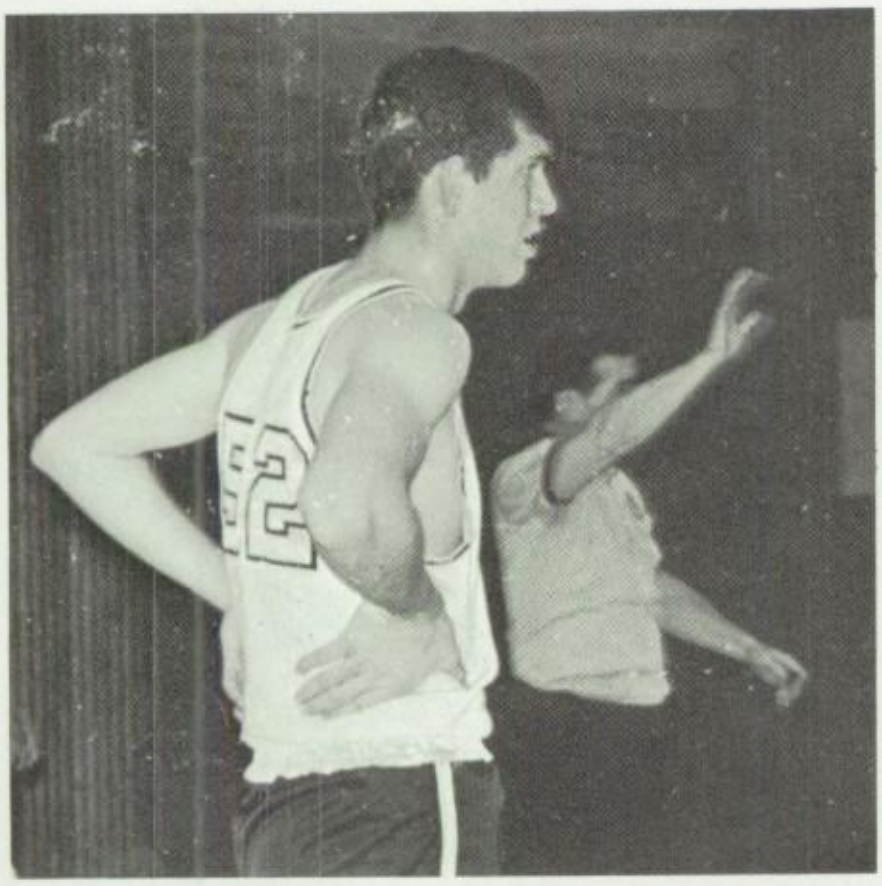
Hackley opened the season by defeating Croton and Briarcliff in the Christmas Tournament. After the Christmas Vacation Hackley opened its Ivy League Season by defeating Riverdale and St. Paul's. Trinity ended Hackley's two-season 16 game winning streak when they won 75-68. John Beck scored seventeen points against Stony Brook, but Hackley lost 72-64. Stu Salenger hit for eighteen points as Hackley defeated Horace Mann 63-47, and he hit for another eleven as Hackley broke a Poly Prep stall to win 36-33. Hackley then lost a close game to P.M.A., 62 58, bringing their mid-season mark to 6-3. Hackley was soundly defeated, 62-46, in their return match against Riverdale.

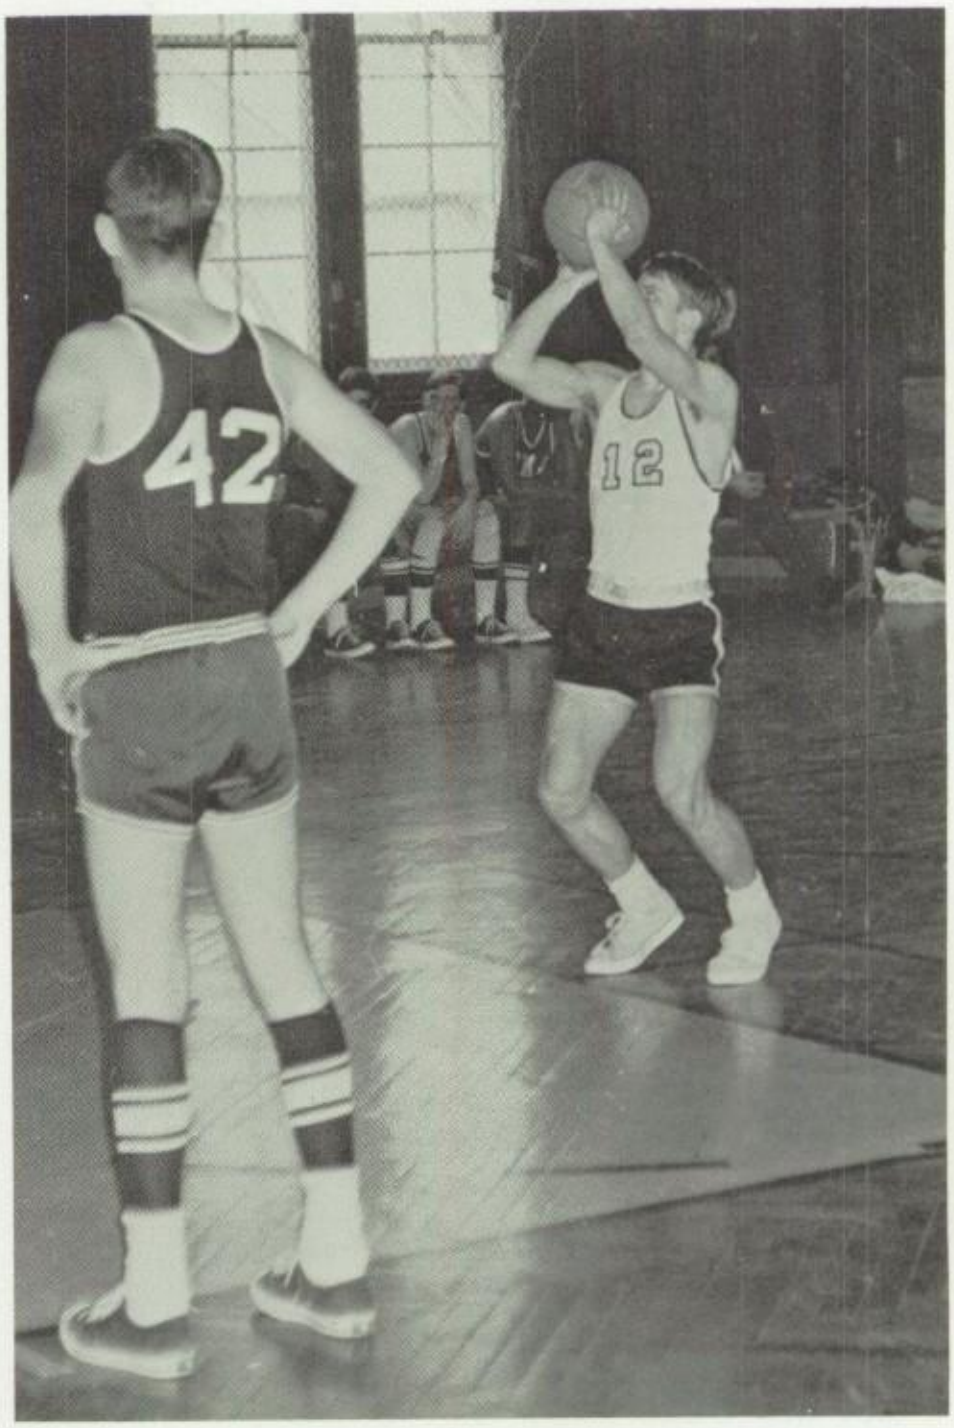
Salenger again paced the team as they defeated St. Paul's 45-43. Mark Phillippo had a season's high of 26 points to lead Hackley to an 84-68 victory over Trinity. John Beck hit for 16 points as Hackley gained revenge by defeating P.M.A. 73-54, and Poly Prep 60-53.

Hackley entered the Westchester Private and Parochial Schools Athletic Association Basketball Tournament as defending champions of the "A" class and open Champions. Hackley lost in the opening round, despite Salenger's eighteen points, to McBurney

69-54.

Stu Salenger was voted to the All-Ivy League Team as he finished the season with a 17.2 points per game average and a 15.0 average for his two seasons at Hackley. Mark Phillippo (14.2) and Matt Sampson (8.5) were elected to the second team. Johnny Beck (11.0) and Bill Bolden (6.3) were the other starting members in the Hackley lineup. Other members of the squad were seniors Pete Sklar, Bill Andrews, and Fred Bailey; Juniors Al Avakian and Al Bolbrock; and Sophomore Denny O'Shea.





VARSITY SWIMMING

Mr. Philip Havens, Mr. David Bridges, and Mr. Leo Butler, Coaches
Peter Anderson, Captain.

SEATED: Davis, Kuntz, Langdon, Preiss, Wolff, DeGanahl, Lockwood, Garrison; KNEELING: Sulenski, Lindscott, Mann, Kirchheimer, Grant, Levenson, Sinatra, Johnson; STANDING: Mr. Bridges, Mr. Butler, Guiler, Burrows, Yankiver, Baker, Anderson, Lindgren, Mathews, Mr. Havens.

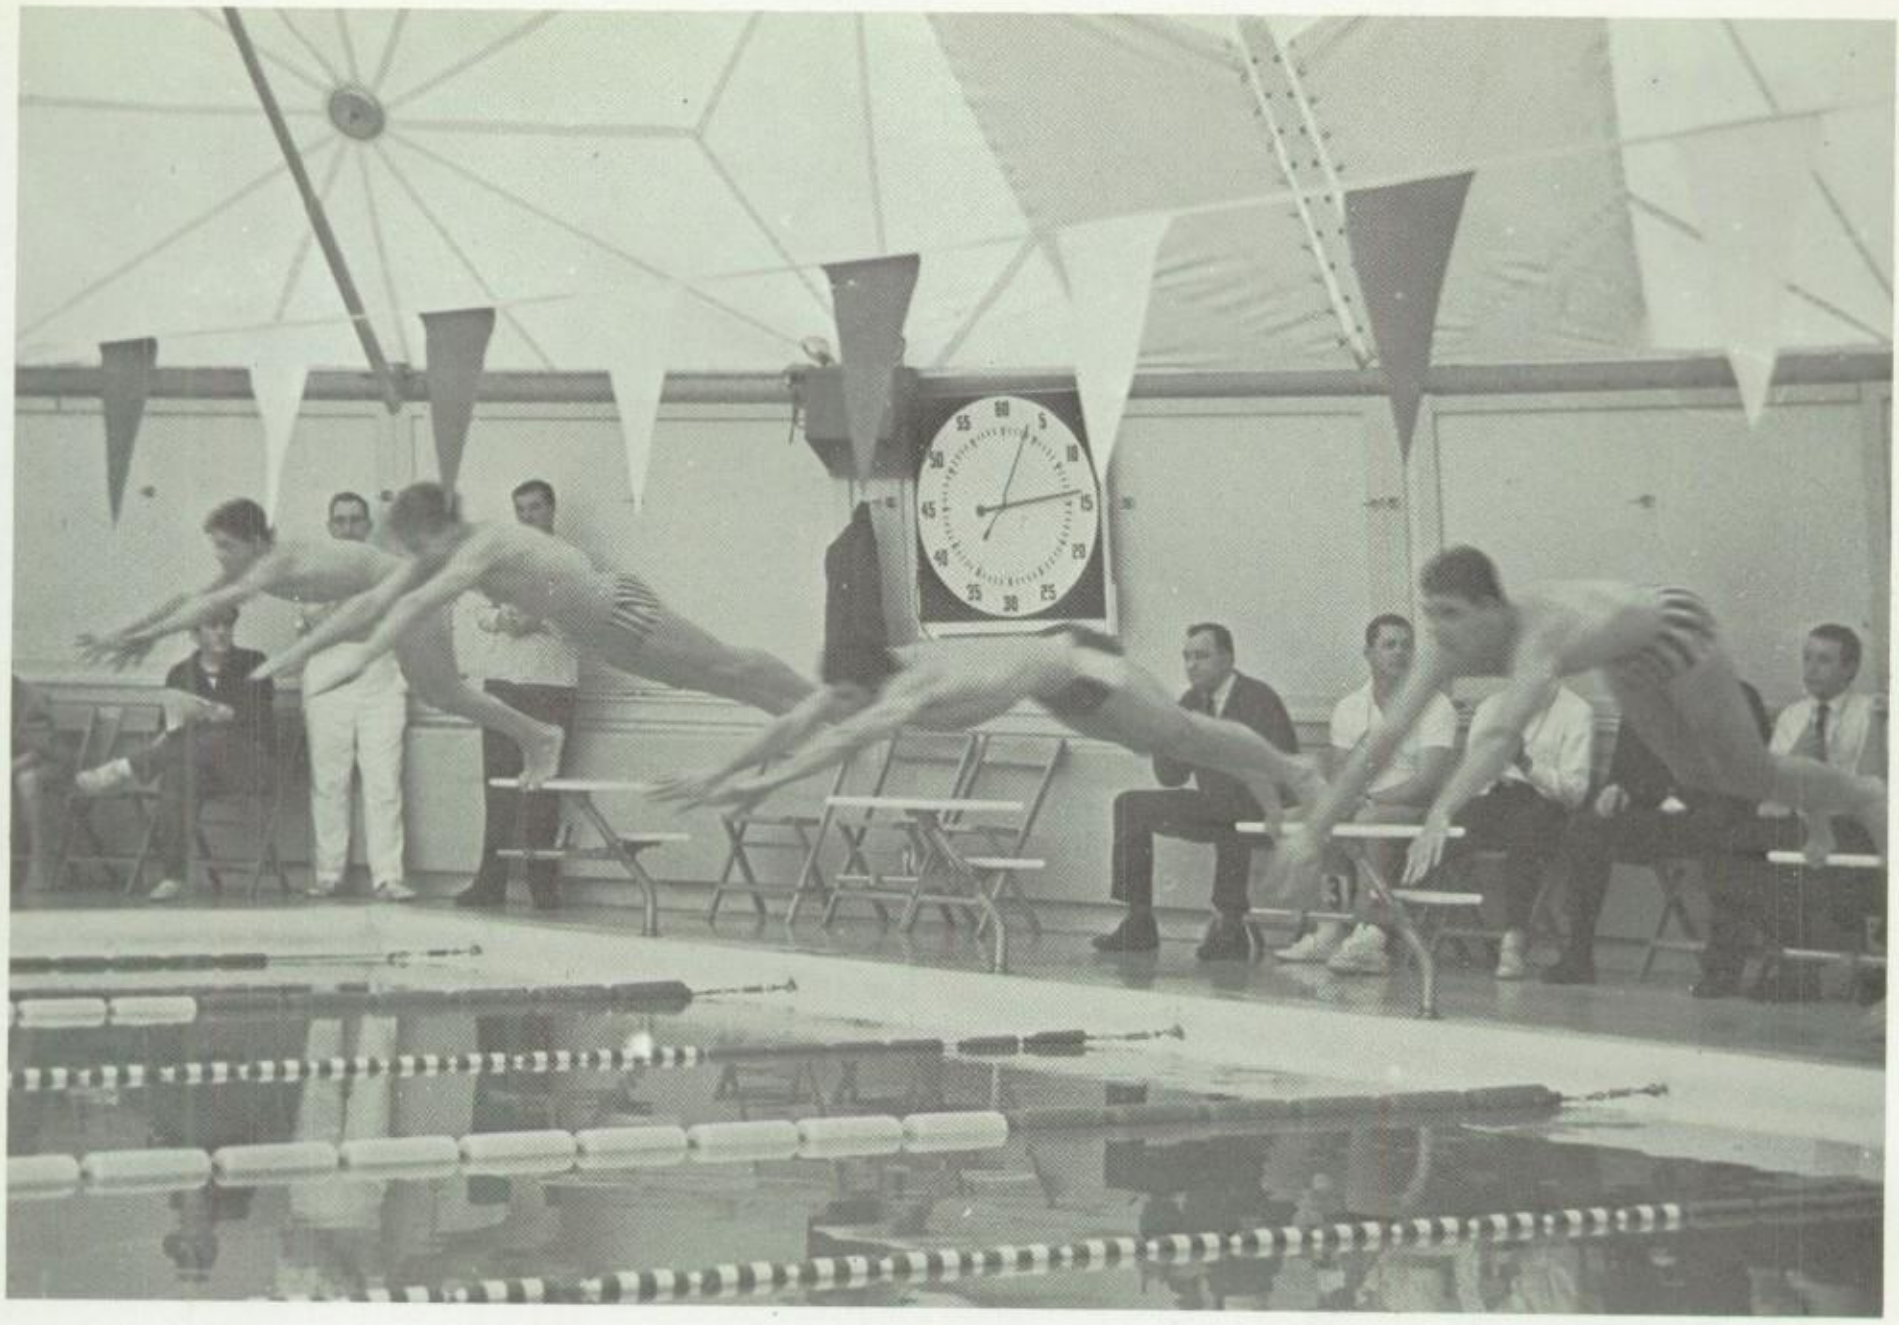
The Varsity Swimming team set new pool records in every event. What appeared to be a strong team had some tough breaks, but the mermen still managed to compile an 8-4 record.

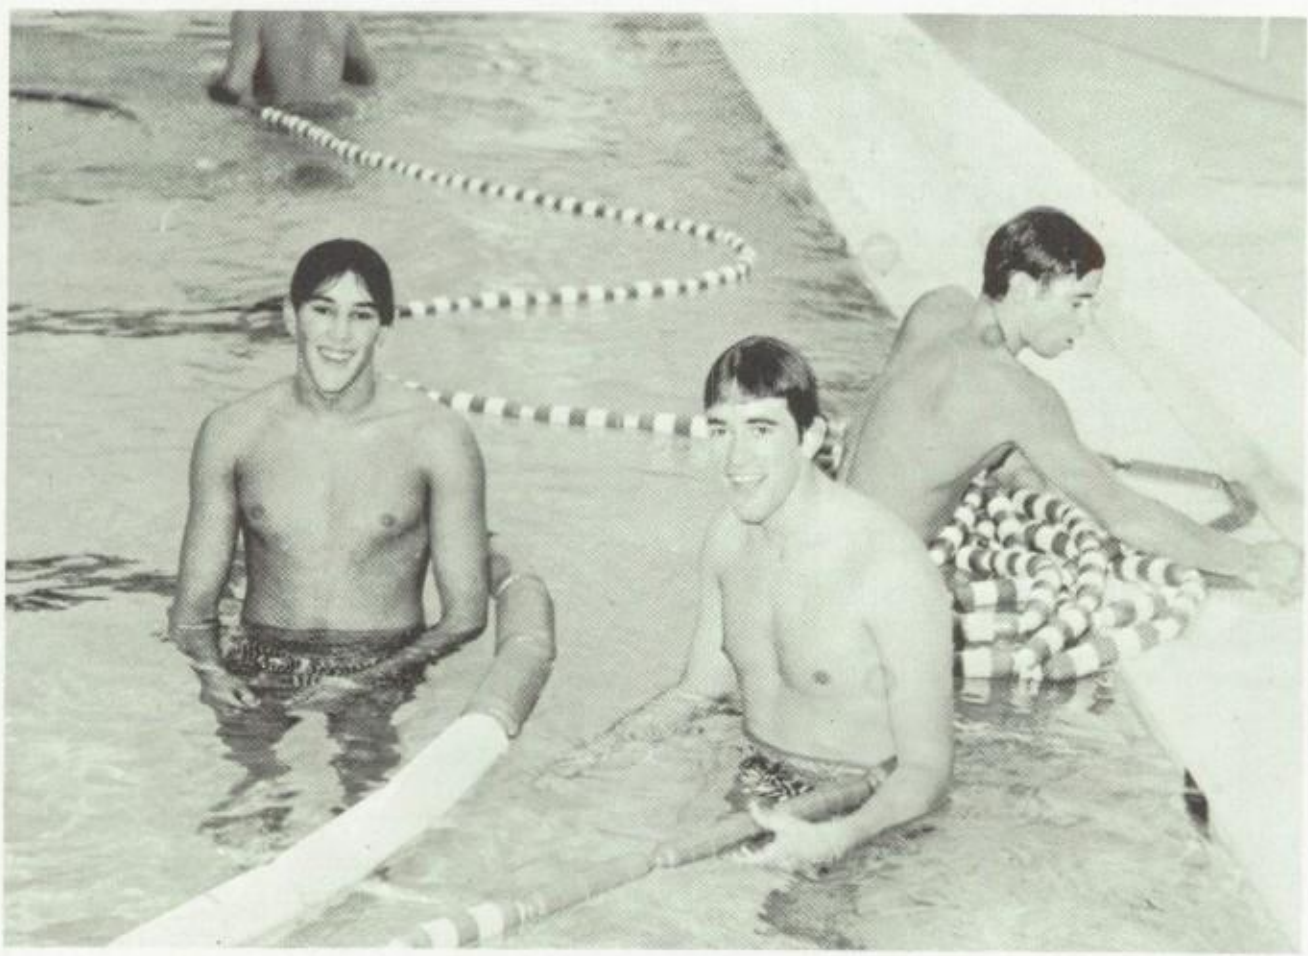
Captain Peter Anderson led the swimming team for the second year. The experienced nucleus of the team was composed of Burt Yankiver, Tony Baker, Paul Mathews, Buzz Burrows, Bob Johnson, and Jeff Sulenski. The loss of these seven seniors will be felt next year. However, trying to fill the gap will be Juniors Ken Grant, Terry Lindgren, Wayland Linscott, Bob Schecter, Vinny Sinatra; Sophomores Jay Kirchheimer, Bob Kuntz, Bob Langdon, Marvin Levenson, Kip Mann; and Freshmen Lyle Davis, Drew deGanahl, Bruce Garrison, Ray Lockwood, and Dick Preiss.

Hackley defeated Poughkeepsie, Blair, Rye, Mountain Lakes, Trinity-Pawling, White Plains, N.Y.M.A., and Horace Mann. They lost to Columbia Grammar and P.M.A. by a combined total of four points; their other losses came from Pingry and St. Mary's by the margin of a relay.

With the advent of the new pool came diving. Richard Preiss and Bob Langdon competed equally throughout the season. Kip Mann also represented Hackley by bouncing his head off the various school diving boards.

Although not a surprize, the arrival of Marvin Levenson was most gratifying because he was the leading scorer on the team. Along with the juniors, Levenson will provide the nucleus of next year's team.





VARSITY WRESTLING

Mr. Frederick W. Neilson, Coach
Alfred Mascia, Anthony Rockwood, Captains

FRONT ROW, left to right: Bennett, Klein, Conley, Van Raalte, Mendels, Morrel. BACK ROW, left to right: Colgan(Mgr.), Schor, Mascia, Rockwood, Greene, Mullings, Moosman, Mr. Neilson.

The Varsity Wrestling team had a rather disappointing season, finishing with a 5-6 record, a third in the WCPPSAA tournament, and a fourth in the Ivy league tournament. Since wrestling is an individual sport, it is appropriate to talk about the members of the team.

At 98 Benjy Bennett represented Hackley. He was one of those wrestlers who never have to worry about making weight for a match, since he was always 9 pounds underweight. Benjy had a rather poor season, but this is understandable, considering his lack of experience.

Kenny Klein returned in the 106-pound class and compiled a fine record of 7-4 and a second in the Ivy's.

At 115 Chris Conley was another unexperienced "Neilson's Nelly." Despite his unimposing appearance on the mat, Chris did a good job, finishing with a third in the Westchesters and a 4-7 record.

Peter Van Raalte and George Mokray wrestled at 123. Peter returned from last year's Jayvee with a good record, but was unable to win many of his matches on the Varsity because the class had stiff competition. George Mokray came in at the end of the season with a fine Jayvee record, but he also faced the same problems that Peter did.

Dave Mendels and Jim Goodman combined in the 130 class, but their lack of experience prevented their having successful seasons.

Owen Morrel wrestled in the 136-pound class and compiled a record of 7-3, winning five of these matches by fall.

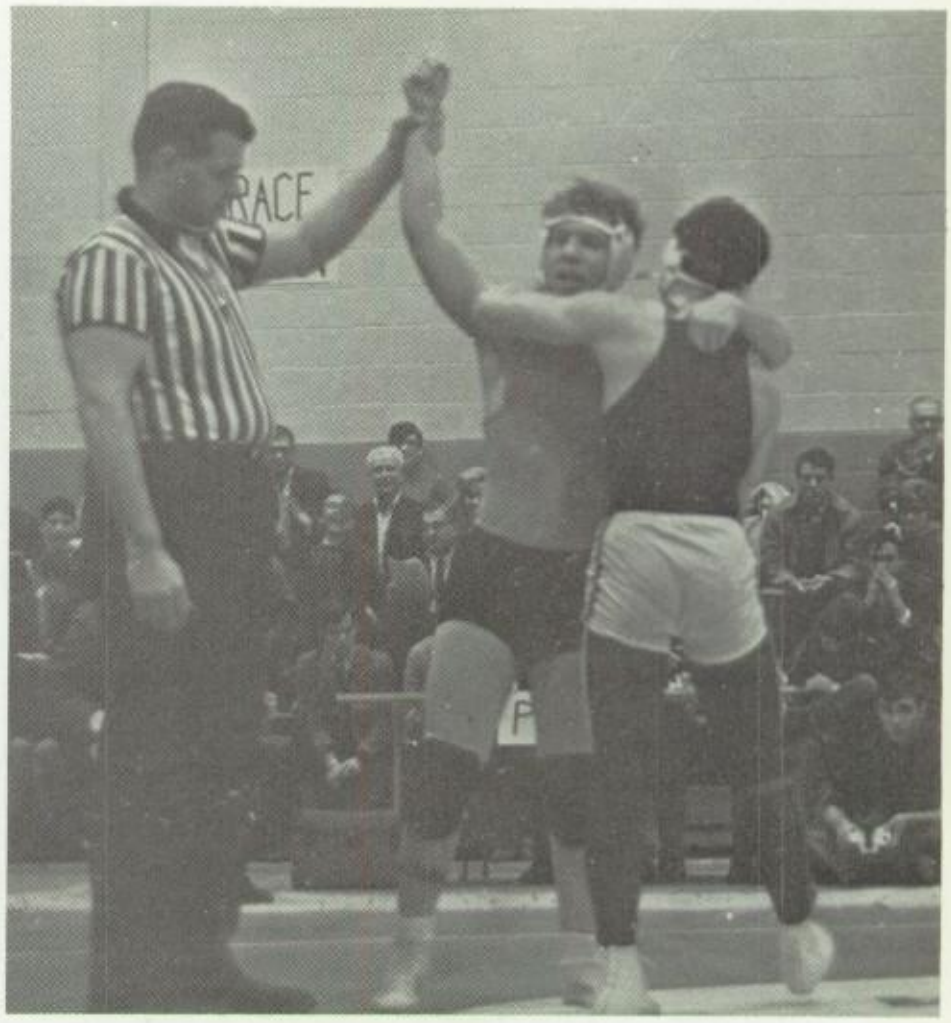
Andy Schor was the only undefeated Wrestler Hackley had. He wrestled in the 141-class and took gold medals in both tournaments. His wrestling was typified by a slow, undulating ooze, which not only unnerved his opponents, but defeated them quite easily.

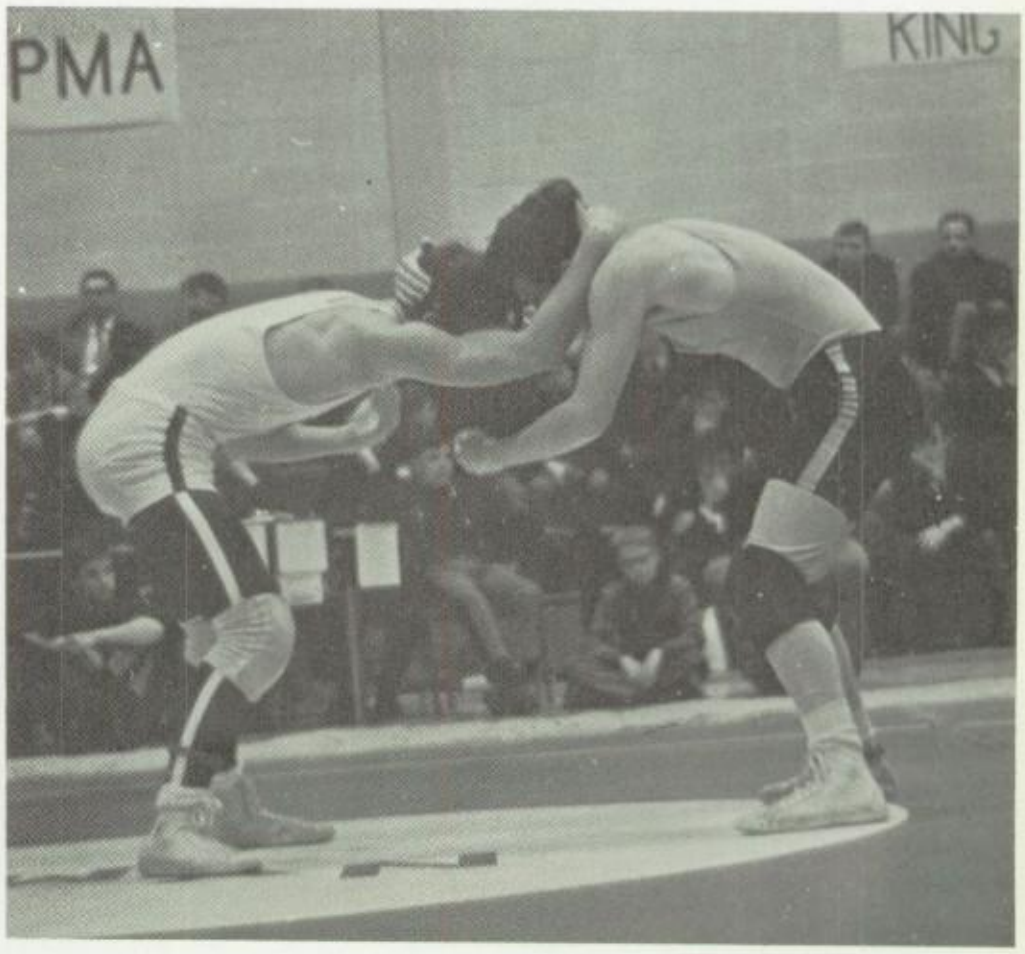
Co-captains Fred Mascia and Tony Rockwood wrestled in the 147- and 155-pound classes. Tony started the season at 147 and then switched to 155, where he turned in a 9-2 record. Fred opened the season at 155 and then switched to 147, where he made a 6-4 record and took a first in the Westchesters.

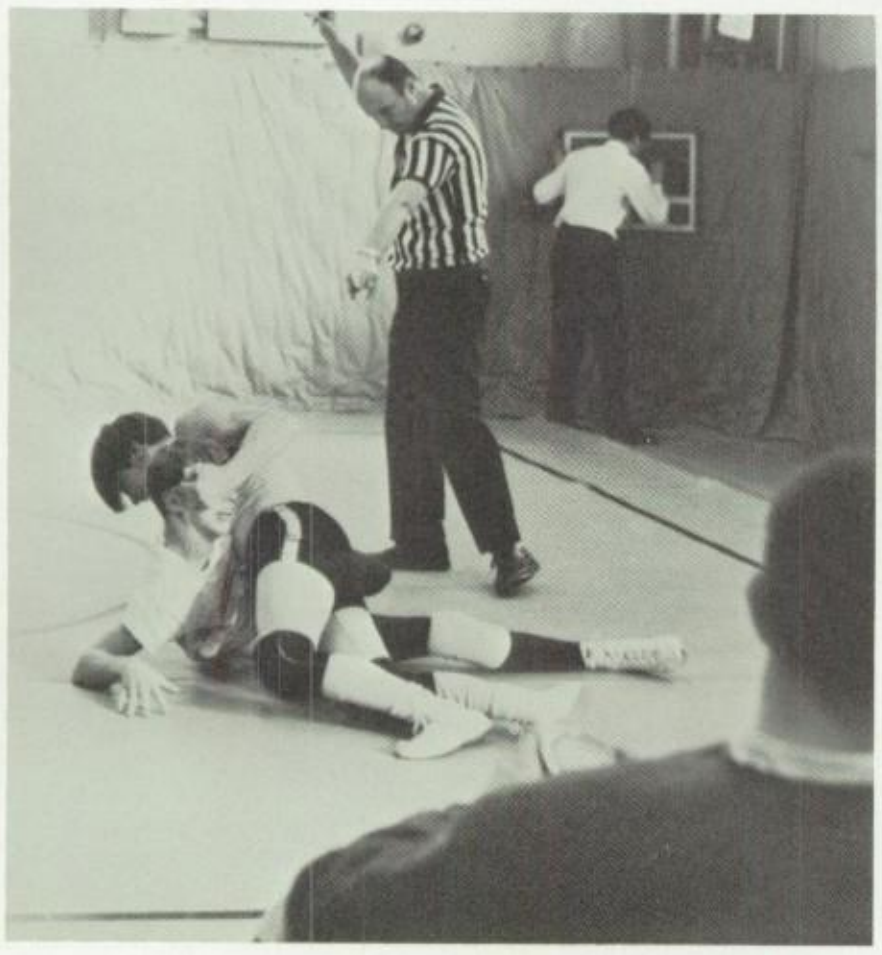
Dick Greene, another wrestler who never worried about his weight, and Kip Mann wrestled 168. Dick turned in a disappointing 5-5 record but did a good job. Kip wrestled when Dick was hurt, coming down from the swimming team to help out.

Marty Schwartz (3-1), Larry Mullings (2-2) and Marshall Pask (0-2) were the 183-pound wrestlers. Schwartz had had a good record on the Jayvee and did well on the varsity. Mullings had also had experience last year as the varsity 168-pounder.

Mike Moosman was Mr. Neilson's guinea pig once again. He would up with an 8-2 record and the satisfaction of knowing that Coach Neilson loved his first periods the best of all.







VARSITY HOCKEY

Cadwallader Brooks and William Mayher, Coaches
Ian Waldie, Captain.

BACK ROW, left to right: Hudson, Bates, Anfanger, Mr. Brooks. MIDDLE ROW: Finn, Vanrenan, Becerra, Kennedy, Wilkinson, Peck, Kruger. FRONT ROW: Burr, Wooton, Haralambie, Waldie, Downey, Hand, Brown.

The Hockey team finished its season with (6-8-1) record placing fourth in the six team Hudson Valley Hockey League and in the Lowtor (Double-Elimination) Invitational Hockey Tournament.

The record is more disappointing than it looks since Hackley won three of their six victories from Rockland and two from Don Bosco, two perennially weak teams. Hackley lost twice to Rye Country Day, Storm King, N.Y.M.A., and split with St. Mary's (3-3, 1-4).

The defense of Captain Ian Waldie, Will Wootton, Andy Anfanger, and Larry Becerra played very well. Ian Waldie was the outstanding member of the defense. But unfortunately the goal tending of George "spider" Burr and Ron Brown left something to be desired. The goalies had a lot of tough luck, but they made some careless mistakes. Late in the season the coaches had to call on Cliff Blauvelt to come out of retirement to be the goalie when George and Ron were out for the season.

Cliff did a very good job in the few games he played in. He held off St. Mary's for thirty two minutes before they scored. He also shut out Rockland and Nyack, and played a very tough game against Nyack in the tournament.

The offense took some time to get rolling this year, but by the start of the tournament it was fairly productive. The "Pop Top" line led by Center John Downey included John Hand and Jimmy Haralambie with John Hand coming in as the season's highest scorer. The second and third were interchanged during the season, but the members of the two lines were: Jim Kennedy, Fred Kruger, Alec Wilkinson, Louis Vanrenan, Joe Peck, and Campbell Hudson.

Unfortunately, the starting left wing, Sophomore Bobby Moro, was hurt in the second game of the season. A St. Mary's de-

fenseman rearranged Bobby's mouth, but he continued to practice with the team, and he should be back on the front line next year. Ian Waldie, Will Wooton, Andy Anfanger, John Hand, John Downey, and Jimmy Haralambie represented Hackley on the league All-Star team. Ian Waldie was voted to the All-League first team, and Jimmy Haralambie was selected for the second team.

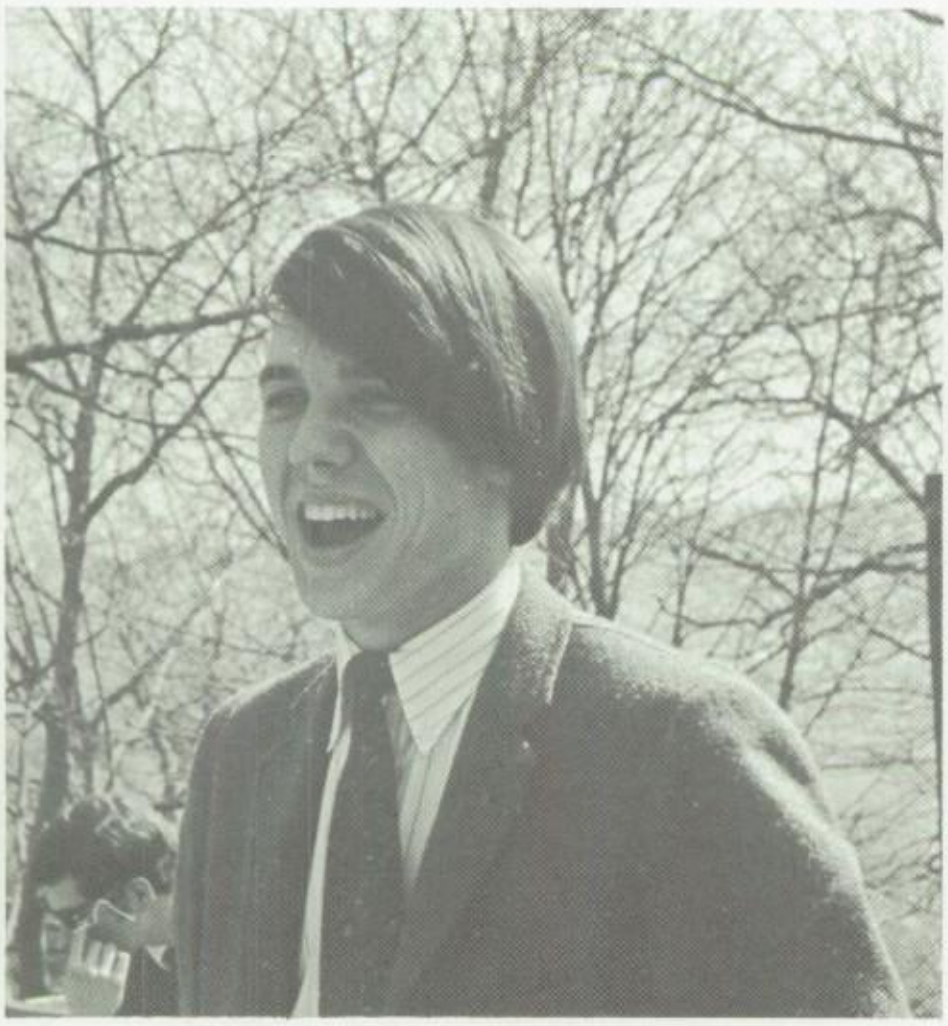
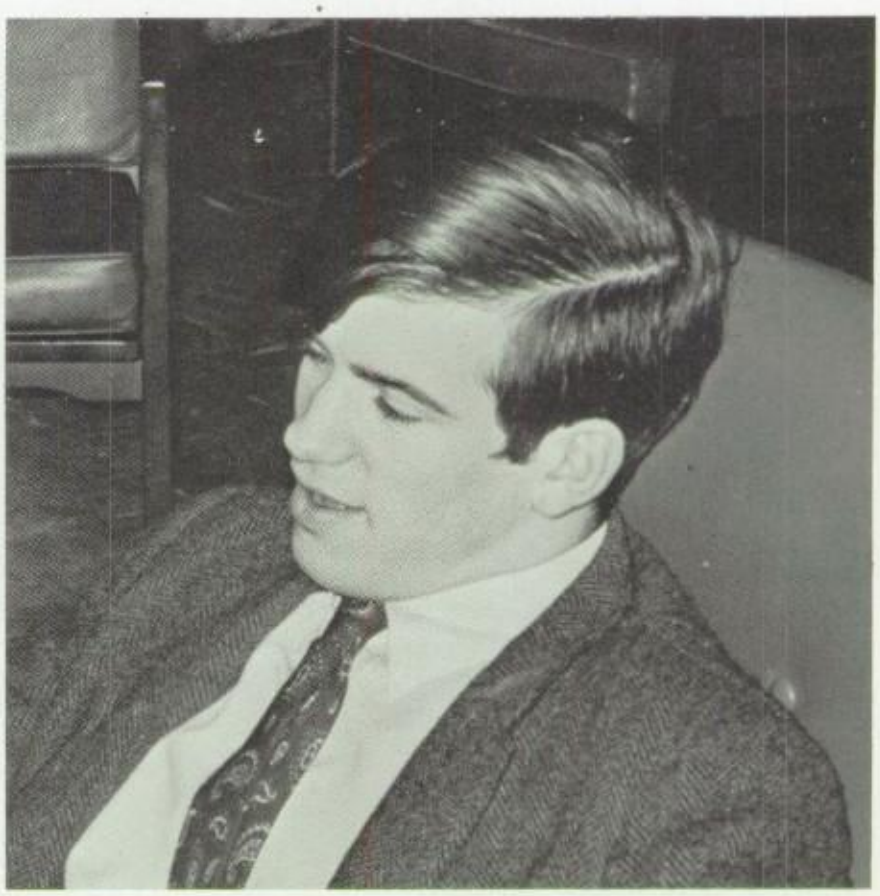
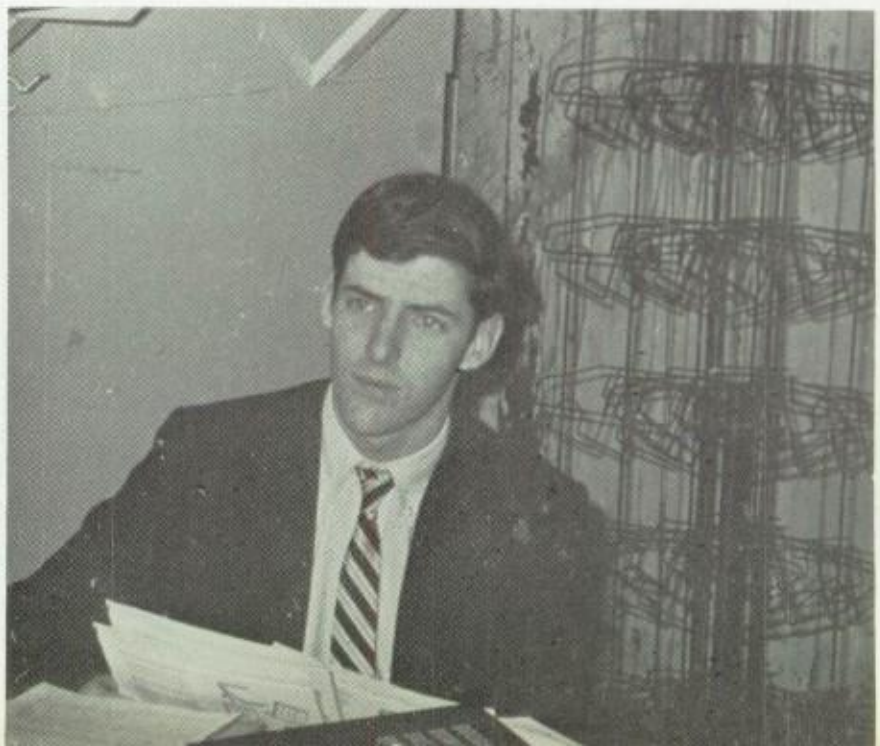
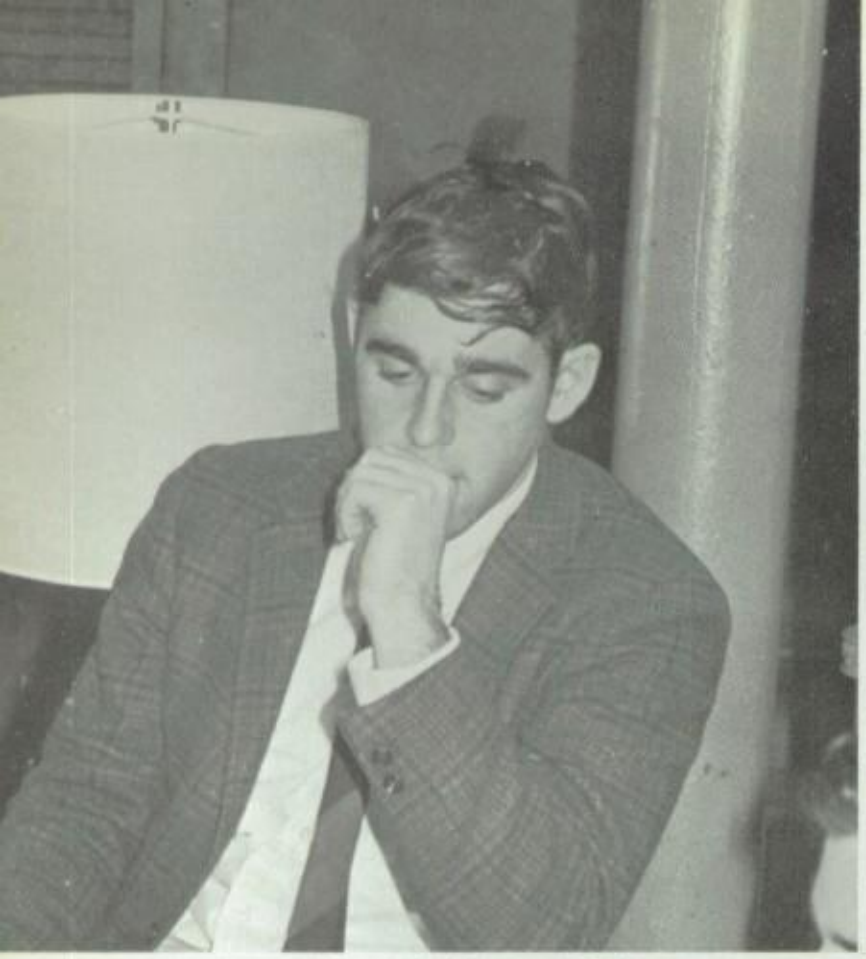
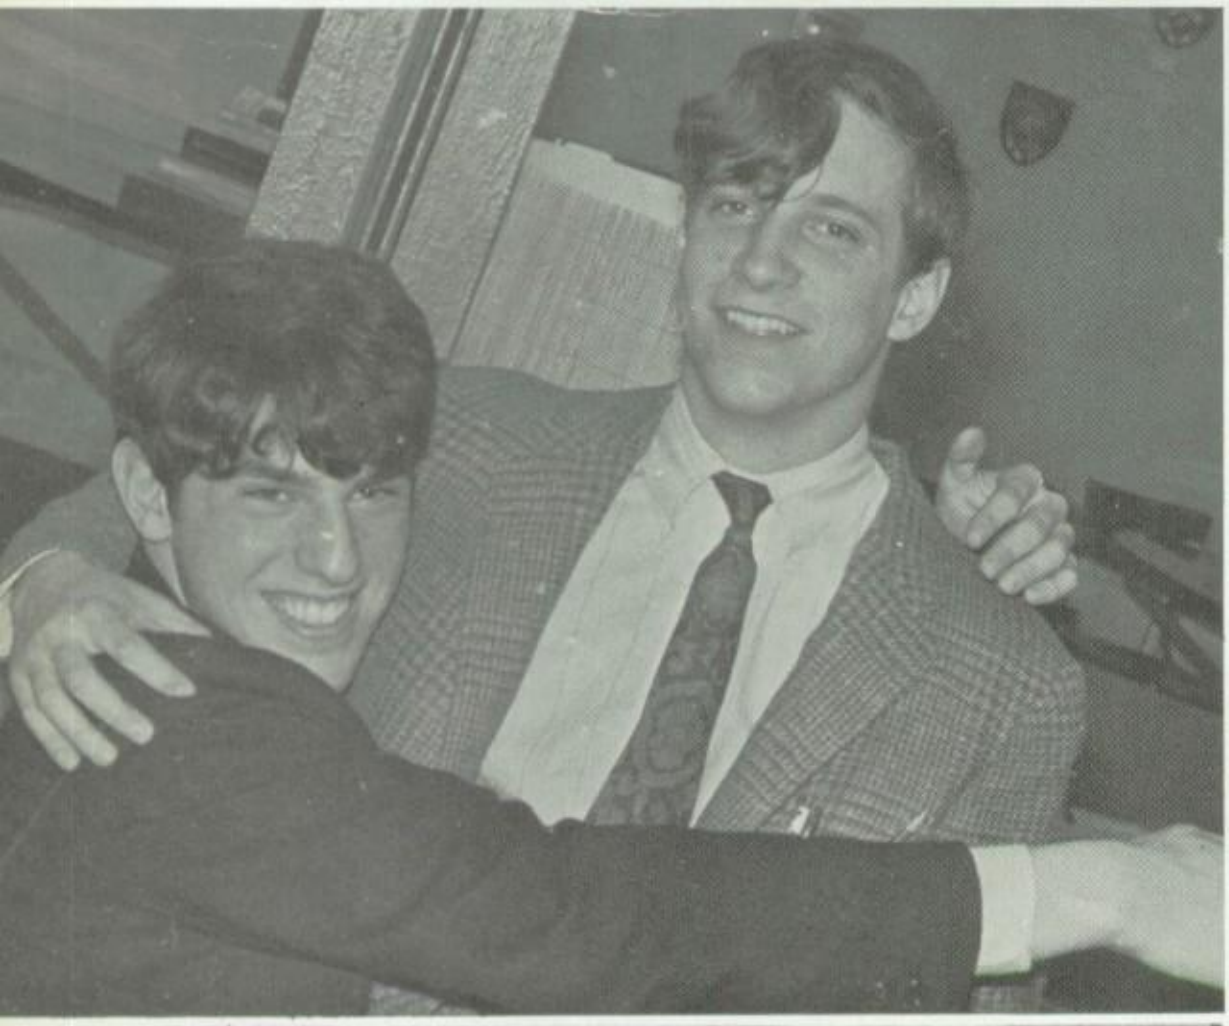
FRENCH: LEVEL THREE











ACTIVITIES

GLEE CLUB

Filling a vacuum created by Mr. Roderick Keating's departure, Mr. Donald Butt, this year's director, provided the leadership necessary to produce another excellent Glee Club. The organization, one of the largest in years, participated in numerous concerts through the season. There were three joint concerts with Marymount, Saint Mary's, and Lenox, and an appearance at the Independent Schools Concert in Woolsey Hall at Yale. Two spring concerts in May completed the season.

The repertoire ranged from "Salvation is Created" and "The Last Words of David" to "Oh Rocka My Soul" and "Maria". The Glee Club's officers this year were Jeffrey Rachlin, President, and Daniel McLaughlin, Concert Manager.

OCTET
+
FOUR

The 1966-67 Hackley Octet + Four performed throughout the Westchester area, particularly in Tarrytown. Their appearances included an Alumni Reunion at the New York Yacht Club, the Fall Dance, the Prom, the joint concerts, and the Spring Concerts in May.

The Octet's repertoire consisted of traditional numbers such as "My Comrades," "Sister Mary Wore Three Lengths of Chains," and "Mad Dogs and Englishmen."

In working to obtain a relaxed, informal tone, the octet seemed to achieve a rather humorous quality. In fact, their performances were so smooth that the few mistakes which were made went practically unnoticed.

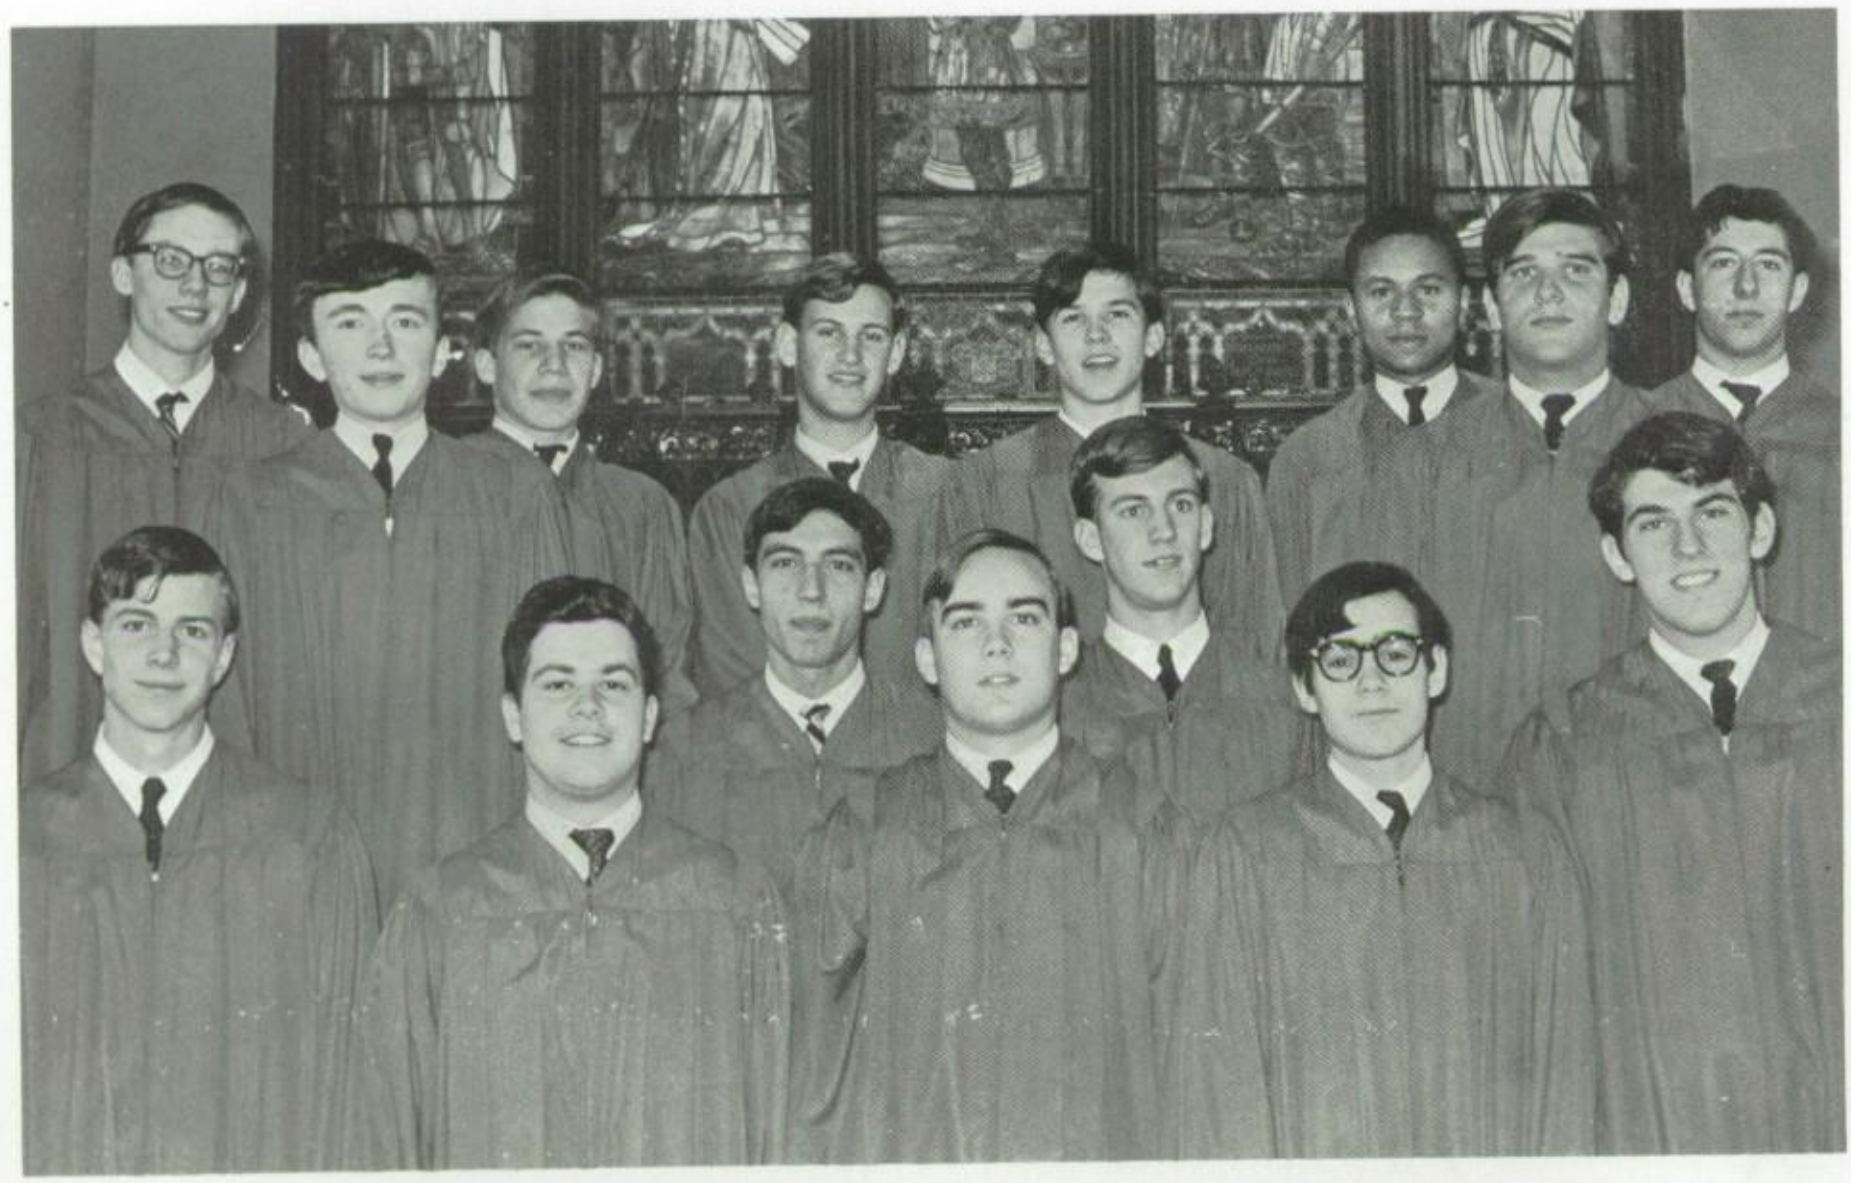
MEMBERS, left to right: Roberts, Mokray, Stewart, Butterworth, Cohen, Yankiver, Kaplan, Lightfoot, Nagler, Sinatra, Rachlin, Mr. Butt, director.

CHAPEL CHOIR

The Chapel Choir is actually two singing groups. The Sunday Choir, composed of boarders only, sings at the evening Chapel. The Tuesday Chapel Choir sings at the informal services on Tuesday. The Choir, which also forms a part of the Christmas Choir, is composed of Glee Club members only.

The most noticeable thing about this year's Choir was the big change in the Chapel service. Under the direction of the chaplain, Mr. Ashley Wiltshire, and Mr. Donald Butt, Musical Director, the service changed from the traditional service to one which is rather unusual. The Choir no longer sings a benediction or Amen, and only leads the student body in the singing of the hymn. The Choir no longer retires to the back of the Chapel at the end of the service, and the student body leads the exit from chapel

Under the fine direction of Mr. Butt, who gives up part of his weekend to help the Sunday Choir, and who also helps the Tuesday Choir to rehearse during the break, and then plays the organ at these services, the Choir has been able to do a good job at all services.



BACK ROW, Left to Right: Guiler, Butterworth, Kruger, Rachlin, McLaughlin, Lightfoot, Nagler, Cohen.
FRONT ROW, Left to Right: Sutter, Lightfoot, Stewart, Mokray, Schwartz. CENTER: Sinatra, McDonald.

RELIGIOUS SOCIETY

The religious society is an organization composed of students interested in the religious questions of the day.

This year the society expanded its areas of involvement under President Daniel McLaughlin and the school Chaplain, Mr. Ashley Wiltshire.

Besides greeting such distinguished guest speakers as Donald Hall at the weekly chapel services, the group played a major role in founding the program of adopting an American Indian boy with funds donated at the chapel services.

Members of the society made the annual trip to Buck Hill Falls in Pennsylvania for an enjoyable weekend of religious conferences. Numerous weekend trips were made to the Manchua section of Philadelphia. Students worked along side the residents in painting and general restoration of the dwellings. The satisfaction gained from these trips cannot be expressed.

The society wishes to thank Mr. Wiltshire for his time, energy, and guidance. Though this year's society will not be here next year, it is sure that the spirited discussions both in and out of Chapel will continue under Mr. Wiltshire's direction.

SITTING; Left to Right: Manes, McLaughlin, Rachlin, Rich, R. STANDING, Left to Right: Mr. Wiltshire, Frumkes, Linscott, Hessey, Bailey, Morrison, Mokray.

MEMBERS; Hand, Jovanovich, Guiler, Gluckson, Lightfoot, Sutter, Rachlin, Mascia, Yankiver.

THE DIAL

This year's DIAL staff planned and published some excellent issues. All aspects of newspaper work such as reporting, writing, editing, and headlining were covered skillfully and completely.

This year's editorial board consisted of: Jeffrey Rachlin, Editor-in-Chief; Alfred Mascia, Business Manager; Matt Gluckson and John Hand, Photography Editors; and George Burr, Sports Editor. Editorials and other articles were supplied by Jeff Sulenski and Jeff Guiler. Peter Lightfoot provided excellent cartoons and artwork.

The '66-'67 DIAL was a unique combination of full reporter coverage of stories; bright, creative editorials; and skillful, complete writing and editing. It was an excellent paper, headed by an exceptional staff.

THE HACKLEY

The *Hackley* is the oldest of the school's publications, with a long tradition of presenting the creative talents of the student body. This year, one issue was published in the spring. The editors were Jeff Guiler and Bob Johnson. The art work was done by a junior, Pete Lightfoot, and the photography by Dave Rosen.

This year's issues contained editorials, student essays, sketches, and photographs. Also included in these issues were question and answer essays on controversial issues such as Black Power and School Policy.

Among the many contributors were Jeff Rachlin, George Burr, Brian Mingo, George Mokray, Dick Kaplan, Ben Cohen, Pete Anderson, Mike Chen, and Steve Frumkes. The *Hackley* enjoyed a prosperous year as far as student participation was concerned.

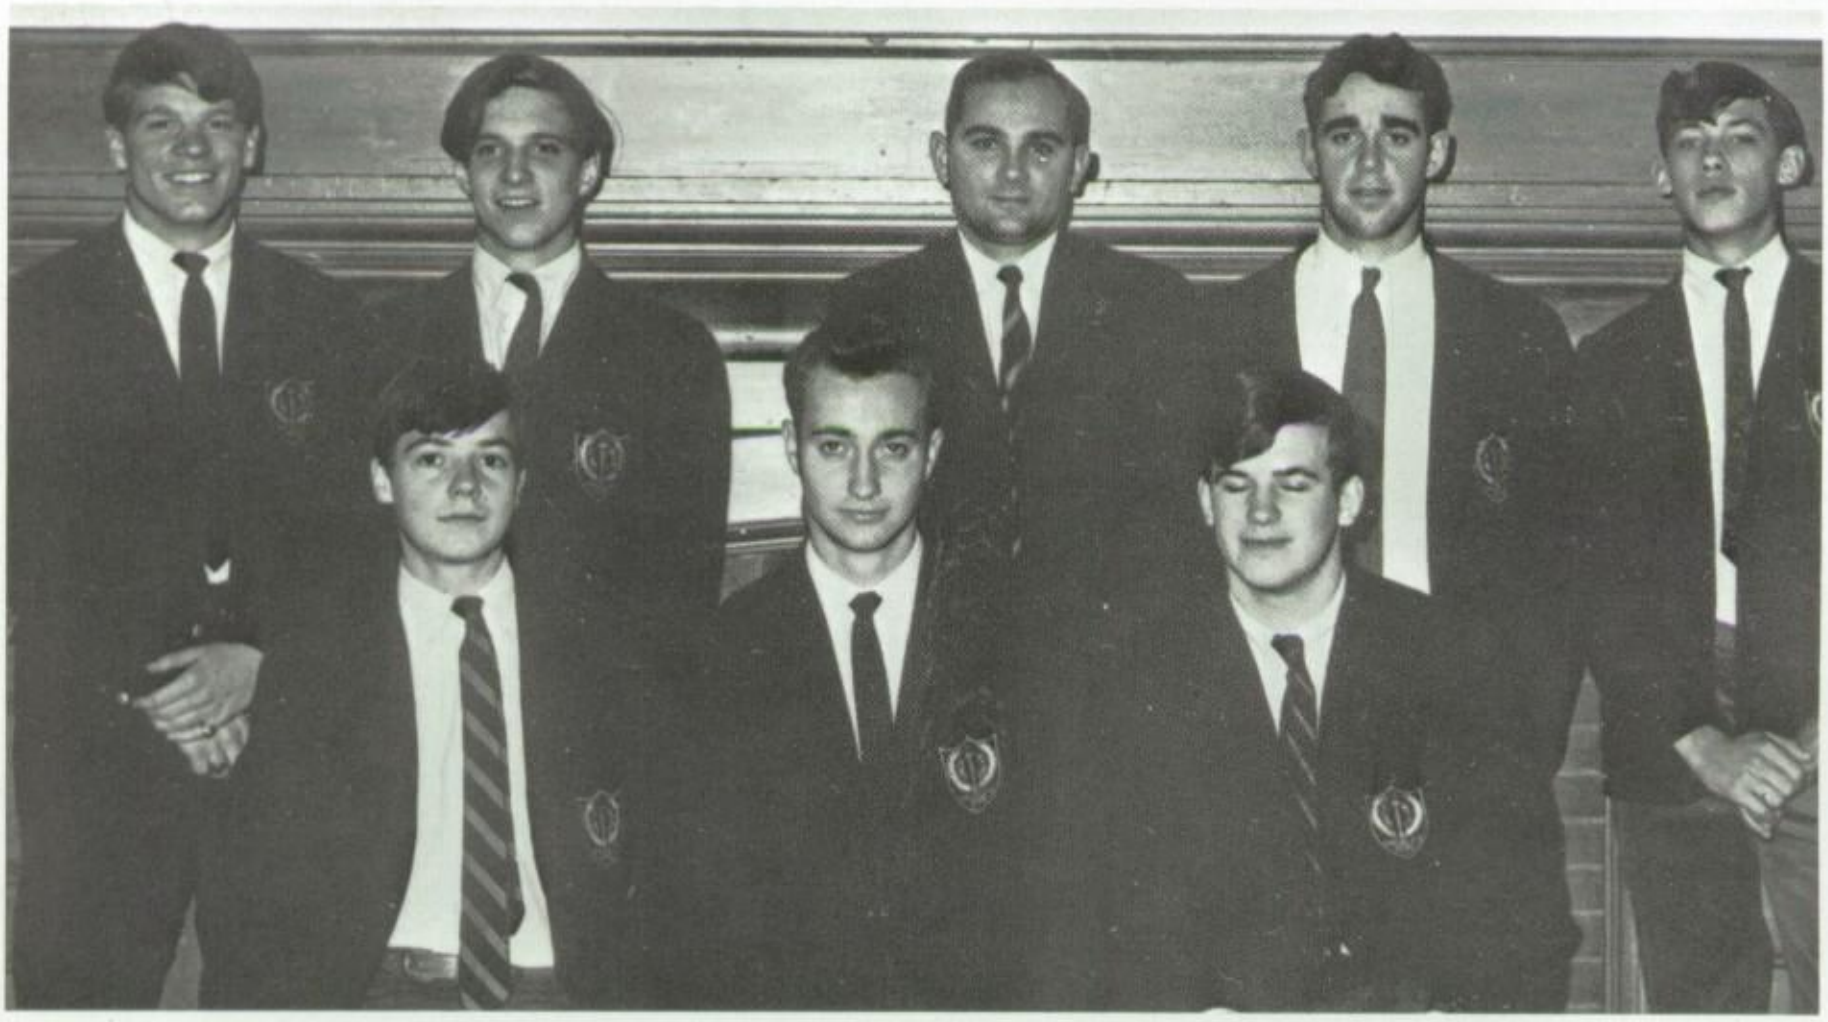
BACK ROW, left to right: Rosen, Chen, Rachlin, Mokray, Roberts. FRONT ROW, left to right: Johnson, Guiler.

DANCE COMMITTEE

This year's chairman of the Dance Committee, Scott Avery, tried to initiate a program of a dance a month. However, his plan was vetoed by the faculty. The program therefore conformed with the usual schedule of three dances.

The first dance was held November 5, with music supplied by The Third Section, consisting of four members of the Hackley student body and one Yale student.

Members of the Dance Committee were Seniors Fred Bailey, Dave Manes, Jeff Rachlin, Jon Groetzinger, and George Burr, who were Scott Avery's chief assistants; and underclassmen Jim Carson, Jim Goodman, and Gerry Buter.



MEMBERS: Burrows, Frumkes, Mr. Mc Naughton, Groetzinger, Buter, Manes, Blauvelt, Mascia, Avery.

BOTTOM ROW, left to right: Bennett, Roslow, Guiler, McLaughlin, Buessow, Cue. BACK ROW, left to right: Bassett, Mesutta, Berlage, VanRaalte, Colgan, Stewart, Sloman, Puzio, Mr. Duggan.

BLACK AND GREY KEY

The first official act of this year's Black and Grey Key was to raise the constitutional limit on the membership to twenty members. With these added members, the Black and Grey Key was able to handle the many large jobs this year in a more efficient way. It was also able to accept more new members from the over forty people that tried out this year.

The Key worked at the football games, the teas, and the usual social functions at the school this year, besides acting as hosts to the college and high school representatives who visited the hilltop on Founder's Day for their annual conference. Though the fall was, as usual, the busiest season for the Key, it also worked in the winter at the Ivy League swimming championships, which were held at Hackley.

The Key was led by President Jeff Rachlin, Vice-President Jeff Guiler, and Secretary Charles Colgan.

The Key owes much of its success to Mr. James Duggan, who acted as Advisor to the Key. His many hours spent helping to organize and execute the Key's many difficult jobs were absolutely invaluable.

FRONT ROW, left to right: Andrews, Javna, Facciolo, Cue, Roberts. BACK ROW, left to right: Hudson, Phillipo, Sampson.

CURRENT EVENTS

Mr. Schneller's apartment was once again a battleground of political philosophy this year, as itinerant chairman Jay Facciolo and the Current Events Club attacked the news each Monday afternoon. Often an overpopulation of fiery liberals turned the discussion into a debate of degrees of policy rather than one of ideas, demonstrated when one of the guests, a spokesman for the John Birch Society, had to reach outside the club for any favorable reactions to his film. Some of the more enthusiastic members kept him arguing at Hackley until 6:15. In one of the year's finest lectures, the school Chaplain, Mr. Wiltshire, gave a penetrating look into the "Crisis in Black and White." The club, under Mr. Schneller's effective guidance, gained important insight into the world of today, learning the facts and positions upon which valid opinions can be based.

'Village' Dealer Accused of Selling Obscene Items

STUDY SAYS SCHOOLS ARE EASIER ON GIRLS

Two Men Indicted Here For Burning Draft Cards

COURT TO REVIEW STATE 'FRISK' LAW

FORENSIC SOCIETY

Under the enthusiastic guidance of Mr. Walter Schneller, this year's forensic society planned a series of inter- and intra-school debates.

Certain weeks individuals gave reports on matters of immediate worldly concern, such as Viet Nam and American foreign policy. Other weeks there were discussions on matters of School Life. The society also arranged for certain of its members to give occasional impromptu speeches.

The highlight of the year for most of the members was the inter-school debates. Hackley attended the traditional Hamilton, Williams, and New York University debates. The annual high school topic debated at Hamilton and NYU was: Resolved: "That the United States should give non-military aid to foreign countries." Hackley, though it did not win any of these debates, always returned in good standing.

FRONT ROW, left to right: Roberts, Mencher, Puzio, Deane; SECOND ROW: Groetzinger, Jovanovich, Schector, Greller; THIRD ROW: Facciolo, Andrews.

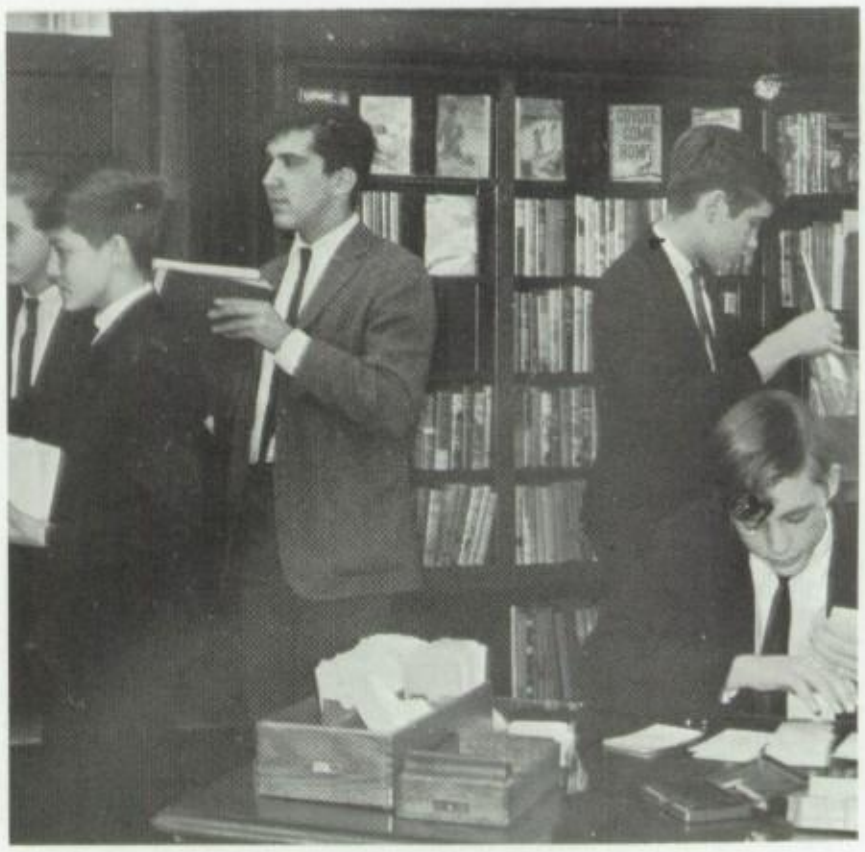
THE LIBRARY COMMITTEE

The 1966-1967 Library Committee follows in the tradition of many previous committees. Boys on the committee serve the student body in the library. Members file books, fill the catalogue, and take care of any situation which may arise.

There is a major proposal to change the committee set-up. This proposal suggests that the executive committee become the library committee and that other members become assistants. The assistants would carry out the regular committee activities, while the library committee would discuss problems and make rules for the library.

Members of the executive committee are Chairman Stephen Adler; Secretary Jeffrey Klein; Harris Nagler, Mike Morrison, and Wayland Linscott.

This school term has marked the nineteenth year in which the committee has been successfully directed by Mrs. Gillim.



MEMBERS: THIRD ROW: Gréller, Messutta, Buck, Ensler, Manes; SECOND ROW: Lewis, Deane, Van Raalte, Sulenski, Wilson, Ball; FIRST ROW: Linscott, Klein, Adler (Chairman), Nagler, Morrison

SITTING, left to right: Avery, Frumkes Rosen; STANDING, left to right: Keuroghlian, Rider, Van Raalte, Anderson, Mrs. Hawkins, Hediger, Zeck, Gibson, Baker, Cosman.

ART CLUB

This year the art activity continued its relaxed, informal attitude. The activity consisted of about ten students, many of whom were also members of The Fine Arts Class.

There was no real student leadership. Mrs. Hawkins, the chairman of the Arts Department, was present to advise the boys. The students were, however, forced to learn for the most part by trial and error.

The mediums that were worked in were many. Pete Anderson spent many hours painting both the canvas and himself, yet managed to turn out some exciting work. Randy Hediger enjoyed working in wood. Dave Rosen examined the possibilities of working in clay. Scott Avert expressed himself vividly on canvas. Other student members of the activity were Tony Baker, Bob Johnson, and Mike Hoffman.

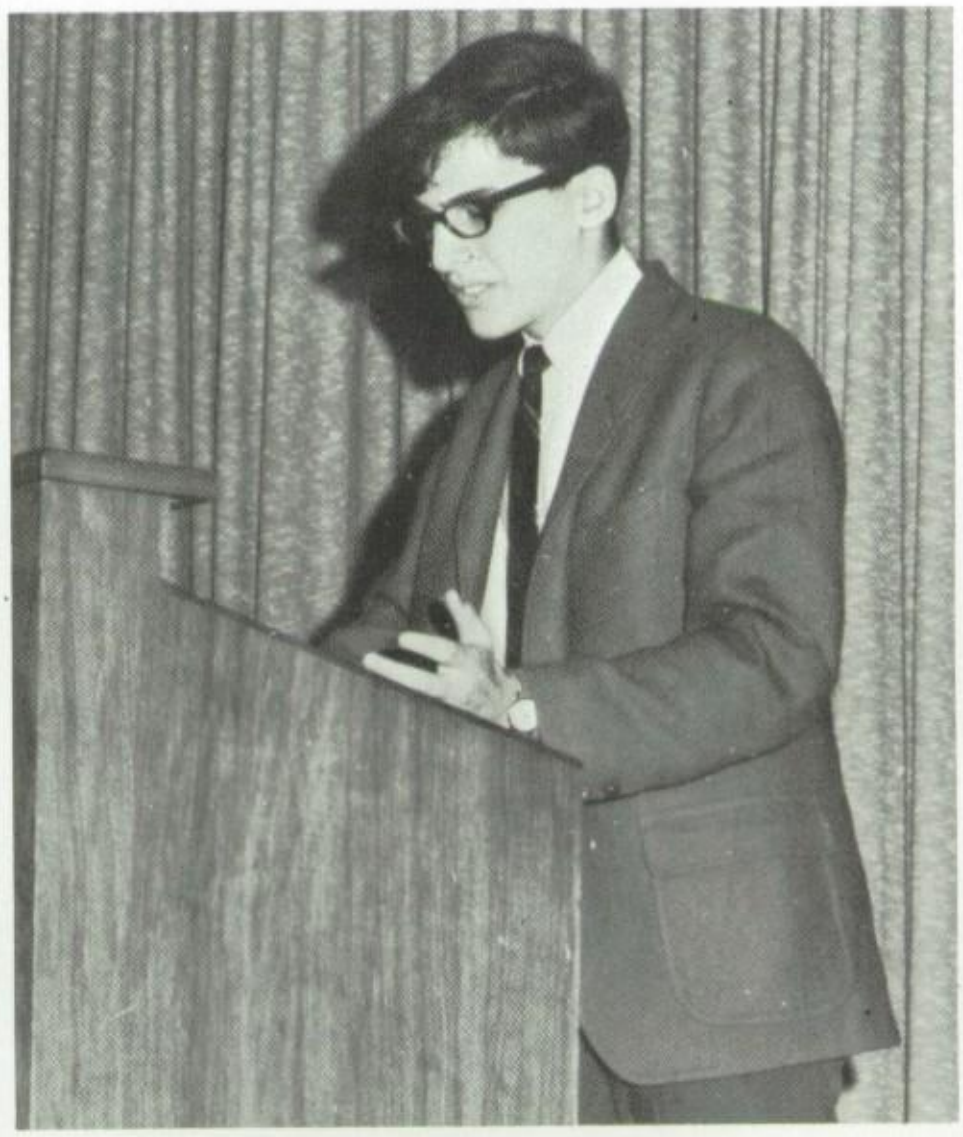
MEMBERS: Cue, Frumkes, Rosen, Anderson, Klein, Sutter, Lenz, Carson, Sloman, VanRaalte, Berlage

ASSEMBLY COMMITTEE

This year the Assembly Committee, under the leadership of chairman Dave Rosen and faculty director Mr. Walter Schneller, directed its program toward two goals: entertaining the students and enlarging the scope of their education in such areas as art, drama, and current affairs. In completing this task, the committee assemblies covered various aspects of contemporary life.

In the first assembly, it was a privilege to have Randi Andreyson, a folk stylist and Columbia recording artist. The next weeks saw a series of visits by local politicans, including Fred Martin, the Republican opposing Richard Ottinger, Congressman for the 25th District.

Other assemblies, designed primarily to entertain, included the Talent Show; The Baker's Dozen, a singing group from Yale (including a Hackley alumnus); and a satire of the school presented by members of the Class of '67.



THE MUSIC GROUP

This year's Music Group began with an unusual distribution of instruments: Steve Kostik, Joe Rosen, Mark Kraus, John Beck, and Martin Greller on trumpets; John Noble and Thomas Diggs on clarinet; and Bill Warner at the drums. The group began under the leadership of Mr. DuPont, so that Mr. Cameron, the director, was able to begin work almost immediately.

Members worked on some Dixieland pieces which had been played in the past, but went on to more work with church and religious music, which had a new and interesting sound. The realms of modern jazz and show music were explored also.

The Music Group offers its thanks to Mr. Charles Cameron, who, though not a member of the Hackley faculty, spent much time in his busy schedule finding and arranging pieces for the group.

BACK ROW, Left to Right: Diggs, Beck, Noble, Rosen. FRONT ROW, Left to Right: Warner, Kraus, Greller

WORKSHOP 14

Dramatics at Hackley this year took a significant step forward. For the first time Workshop 14 did a joint production with the Masters School in Dobbs Ferry. In early February "See How They Run" was performed for two nights on the stage of the Masters School.

This play, a three act farce, saw the performers galloping in and out of the four doors of an English vicarage. Mistaken identities kept the audience laughing and enjoying the fun until all the characters finally got themselves identified.

Participating in the production from Hackley were Dave Huff'68, as the Bishop; Andrew Butterworth'67, the Vicar; Frederic Snider'68, an American Soldier; Marc Neilson'67, as another Vicar; Richard Flack'67, as the escaped prisoner; and Andrew Miller'68, as the policeman. The production was directed by Mrs. Elizabeth Packer of the Masters faculty, and Mr. David Bridges, of the Hackley faculty, was production technical director. James Carson'68, headed the technical staff.

This spring Mark Neilsen, Frederic Snider, and Dave Huff appeared in "The Heiress," the final production of the season put on by the dramatics group, the Phoenix Society, of the Masters School.

Because of the success of this initial program, the directors are planning to have a joint production as an annual event.

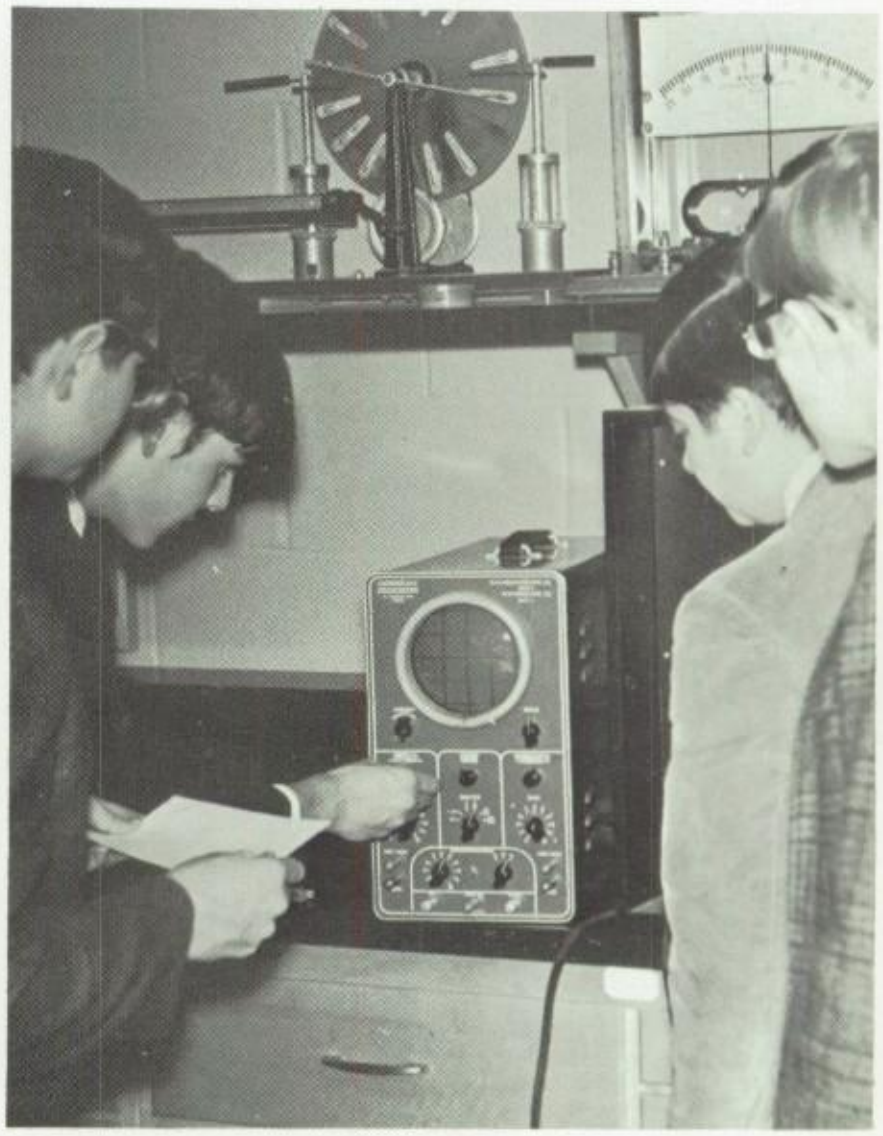
Left to Right: Flack, Peggy Buttenheim, Snider, Miler, Jenifer Smith, Butterworth, Huff, Emily Hector, Nielson.

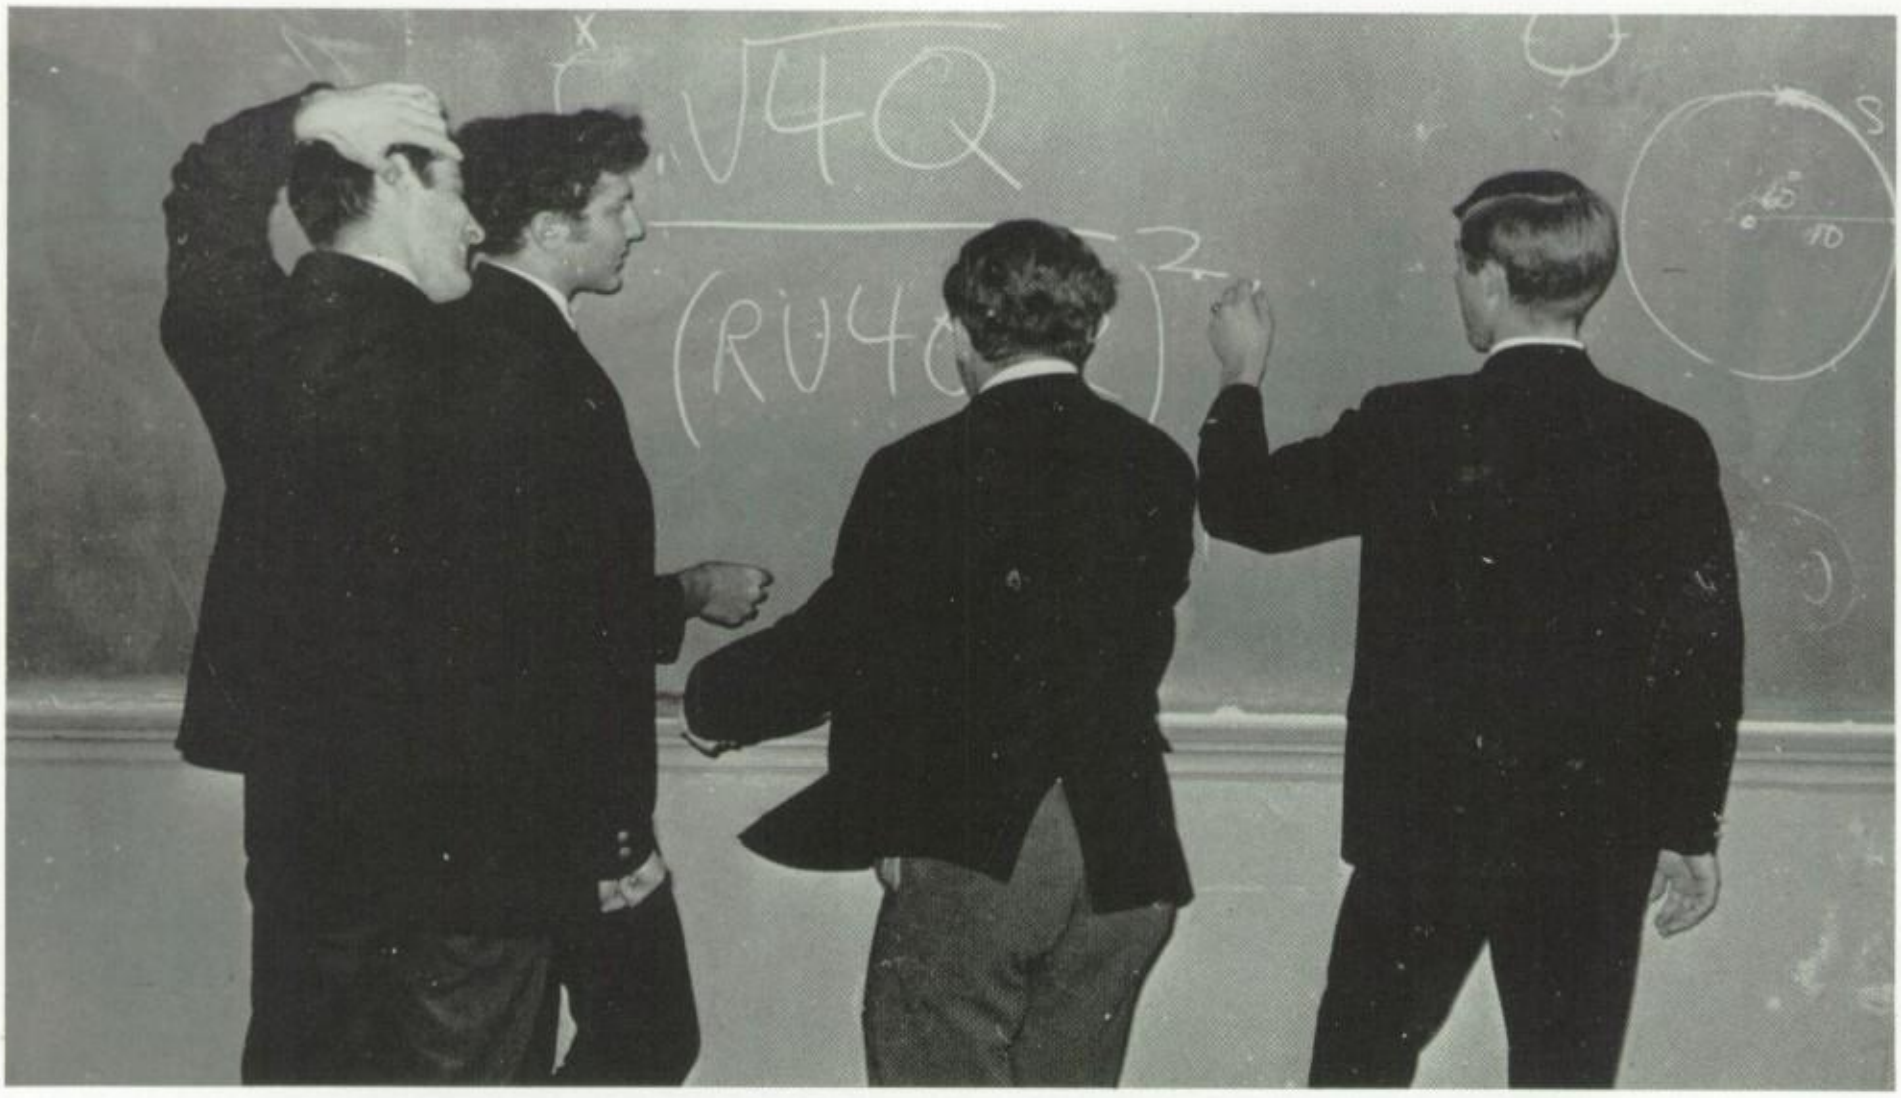
FRONT ROW, Left to right: Salenger, Bailey, Scher, Puzio, TOP ROW, Left to right: Shecter, Buter, Shey, Snider, Courtney, Clark.

SCIENCE CLUB

One of the newer activities at Hackley School is the Science Club. The purpose of the Science Club is to give the student who is interested in physics, chemistry, or biology an opportunity to pursue a project of his own choosing. In cooperation with Mr. A. Wank, the faculty advisor, the executive committee of the club planned two trips for the spring. First, the club went to visit the Palmer-Elmer Corporation in Norwalk, Connecticut, where members observed the manufacture of lasers. Then they visited the Union Carbide Plant in Sterling Forest, New York, where they saw a nuclear reactor.

The Science Club meets every Thursday afternoon during the activities period. During this time club members may work on their various projects. Mark Scher and Josh Rosenburg worked on the development of a scheme to combine elemental oxygen with water to form peroxide; Bob Ilse built a transistorized AM-FM tuner; Roland Bueler did experiments on the refraction and dispersion of light, while Stuart Salenger observed the behavior of various fish and snakes in the Bio. Lab.



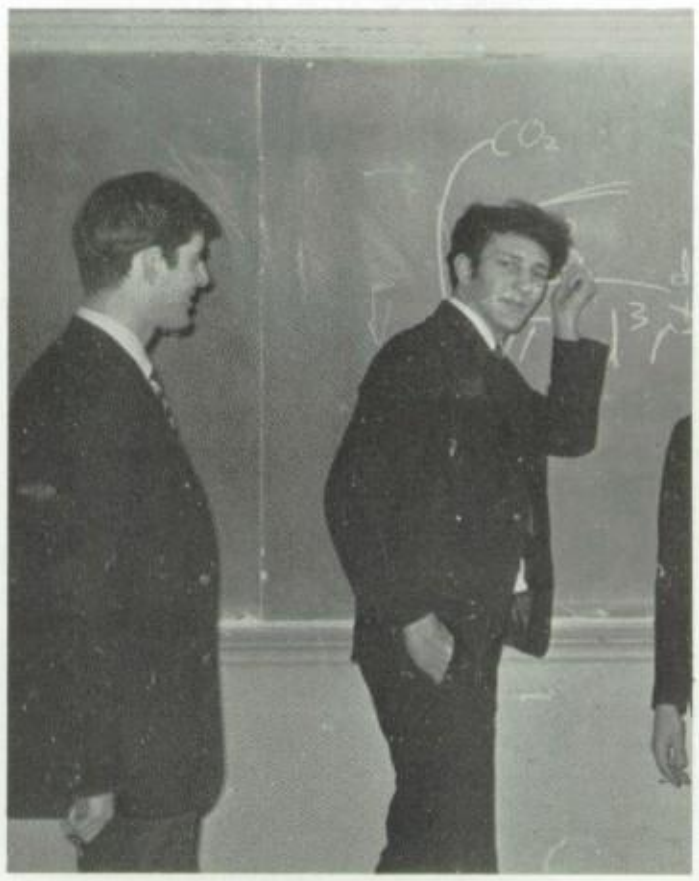


MATH CLUB

The Math team, led by Captain Mark Scher, had one of the most successful seasons in the school's history. The team, composed of the A.P. Math class, competed in eight meets and finished in first place in the league. The team was fortunate to get Josh Rosenberg, in the middle of the season, for his infallible guessing helped win many a meet.

In a math meet eight schools are represented by their five best math students. Each is given a total of six problems to be solved in a limited time. The school with the greatest number of correctly solved problems is declared the winner.

The year concluded with a banquet with the high individual scorers receiving awards.



AUDIO VISUAL

The Audio Visual Aids activity became organized this year with the members doing a greater precentage of the work during the activities periods.

Most of the work done involves setting up P.A. systems and movies projectors along with organizing the various other aids such as film strips. The members spend much of their time cleaning and maintaining the several movie and overhead projectors belonging to the school.

The fall season is the busiest for the members because the P.A. systems must be set up for each of the football games and for a few assemblies. The remainder of the year involves setting up for the many assemblies. Last year the school provided an equipment room, which proved an aid to the organization. Hopefully, in the years to come, the aids and the equipment will become increasingly accessible to the faculty.

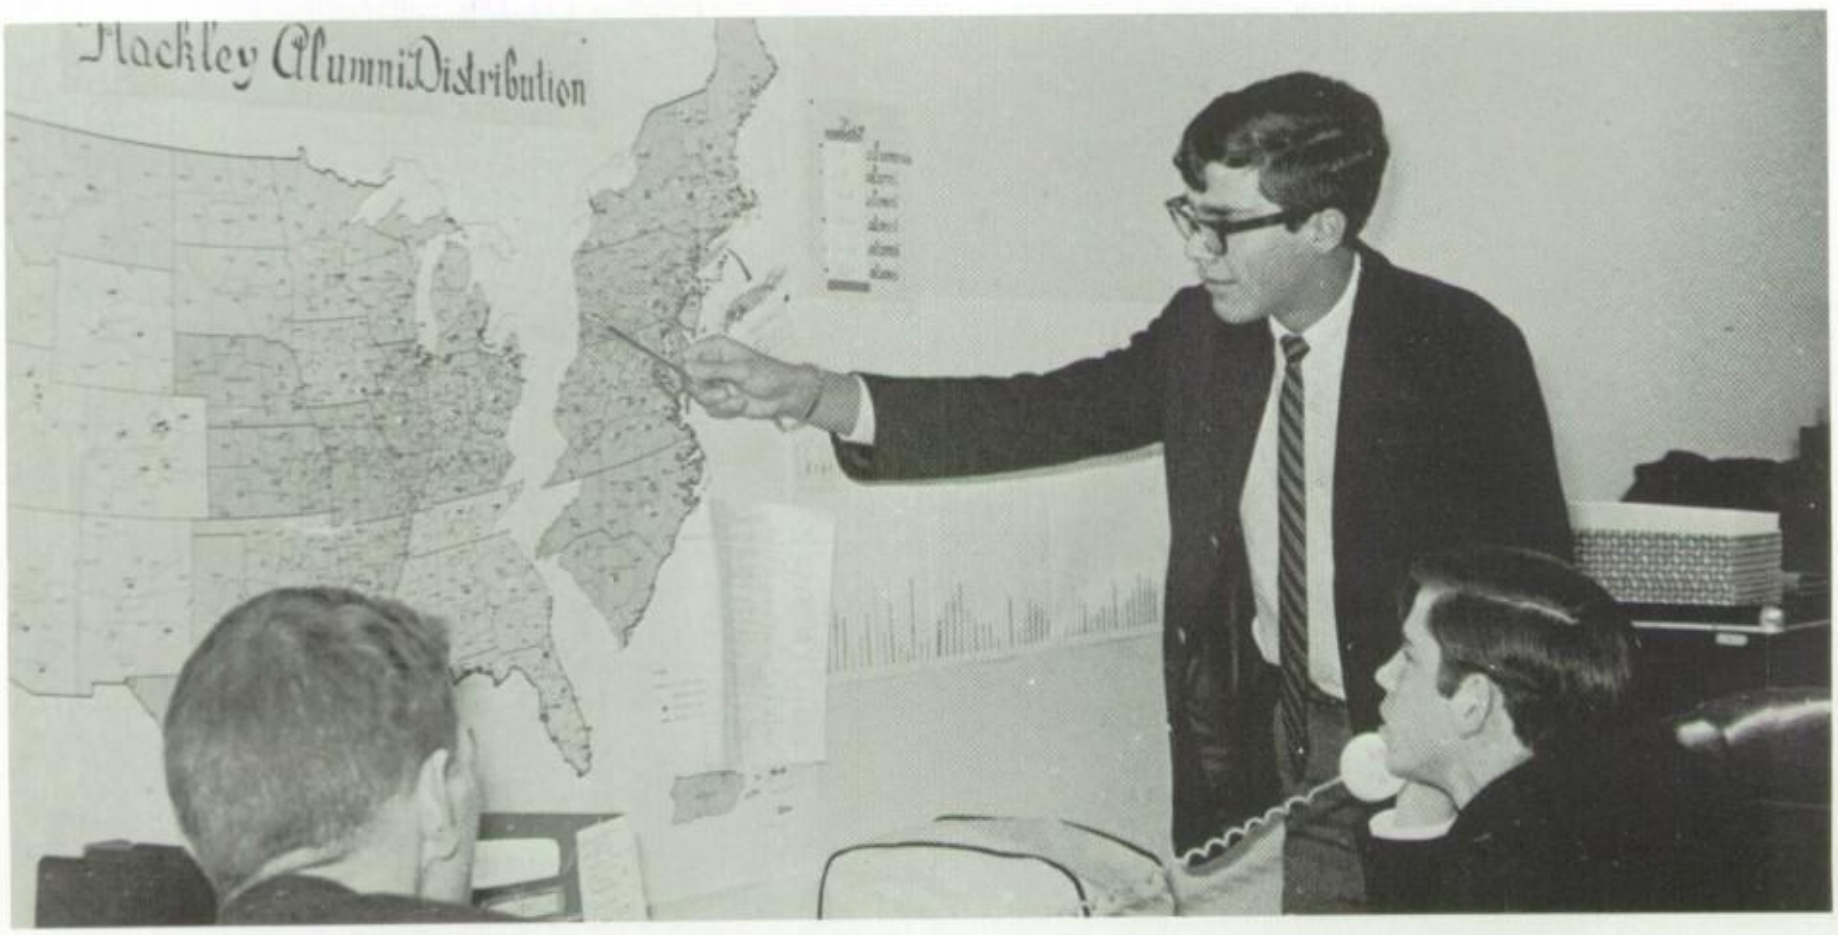
STANDING, left to right: D'angio, Carson, Puzio, Mencher, Mr. McNaughton. SITTING, left to right: Rosen, Lenz, Mintzer.

ALUMNI ACTIVITY

This year two students, Doug Winter and George Burr, actively participated in the running of the Alumni office. The students were concerned with keeping track of the correct addresses of some 1800 Alumni; searching through records for "unknown" alumni, using the telephone, newspapers, and many other sources of information in the search. Computation of materials for the *Alumni Review* was completed by both George and Doug. Collecting fund raising brochures, reunion invitations, and information for each alumnus's file was also part of the work.

The organizing of alumni into geographical areas useful in area reunions was also done by the students. This indexing was accomplished by assigning each alumnus a zip code according to his address. This time-consuming operation could never have been accomplished without the help of George and Doug.

Because of the small space available, Mr. Whiting, the alumni secretary, can only select two students a year. These students are slected on the basis of their interest in the alumni, and their school spirit. This is only the second year that the activity has been in existence, but the student help will always be welcome in the office.



Left to Right: Mr. Whiting, Doug Winter, George Burr

MEMBERS; Levenson, Mullings, Drowne, Klein, Shannon, Moro, Bassett, Mr. Braine (Adv.), Blauvelt, Bolbroch, Lindgren, Janna, Coleman, Johnston, Sampson.

CHESS CLUB

Chess Club is one of the oldest established activities at Hackley. It is also one of the least publicized and complicated activities. Its format consists simply of giving a group of approximately fifteen boys the chance to match skills twice a week under the guidance of Mr. Thomas Braine in an empty and quiet classroom; the construction of the desks in Room E has proved to be especially suitable.

The focal point of the Chess Club is the Chess Team, which participates each year in a five-board chess match with the Horace Mann School in New York City. Hackley has always proved to be a worthy opponent.

SCHOOL PRESIDENT
IAN S. WALDIE

VICE PRESIDENT
PETER D. ROSLOW

TREASURER
JON GROETZINGER

COMMUNITY COUNCIL

This year the council began rather differently than in previous years by discarding the somewhat over-used magazine drive. In place of it the council adopted a program, created and run by Jon Groetzinger, of making and selling cookbooks to Hackley mothers and friends.

To add to the weekend activities for boarders, the council built an outdoor skating rink behind the school. It was unfortunate, however, that the cold days were so inconsistent, for there were only a few days when the rink could be used.

Perhaps the most important program that the Community Council initiated was that of student involvement. It seemed necessary that Hackley have more actual involvement and responsibility in some of the school procedures. When students are responsible for certain aspects of the school, they tend to take more pride in the school and have more spirit.

The first step was the change from faculty proctors of study halls to student proctors. If students could handle themselves well under this responsibility, perhaps they could start running other areas. This change did work smoothly, and the council moved to other new areas for student involvement.

The council continued the Harlem Project, in which boys from Harlem spent the weekend on the hilltop and participated in games, sports, and discussions. Later in the spring the trip was reciprocated.

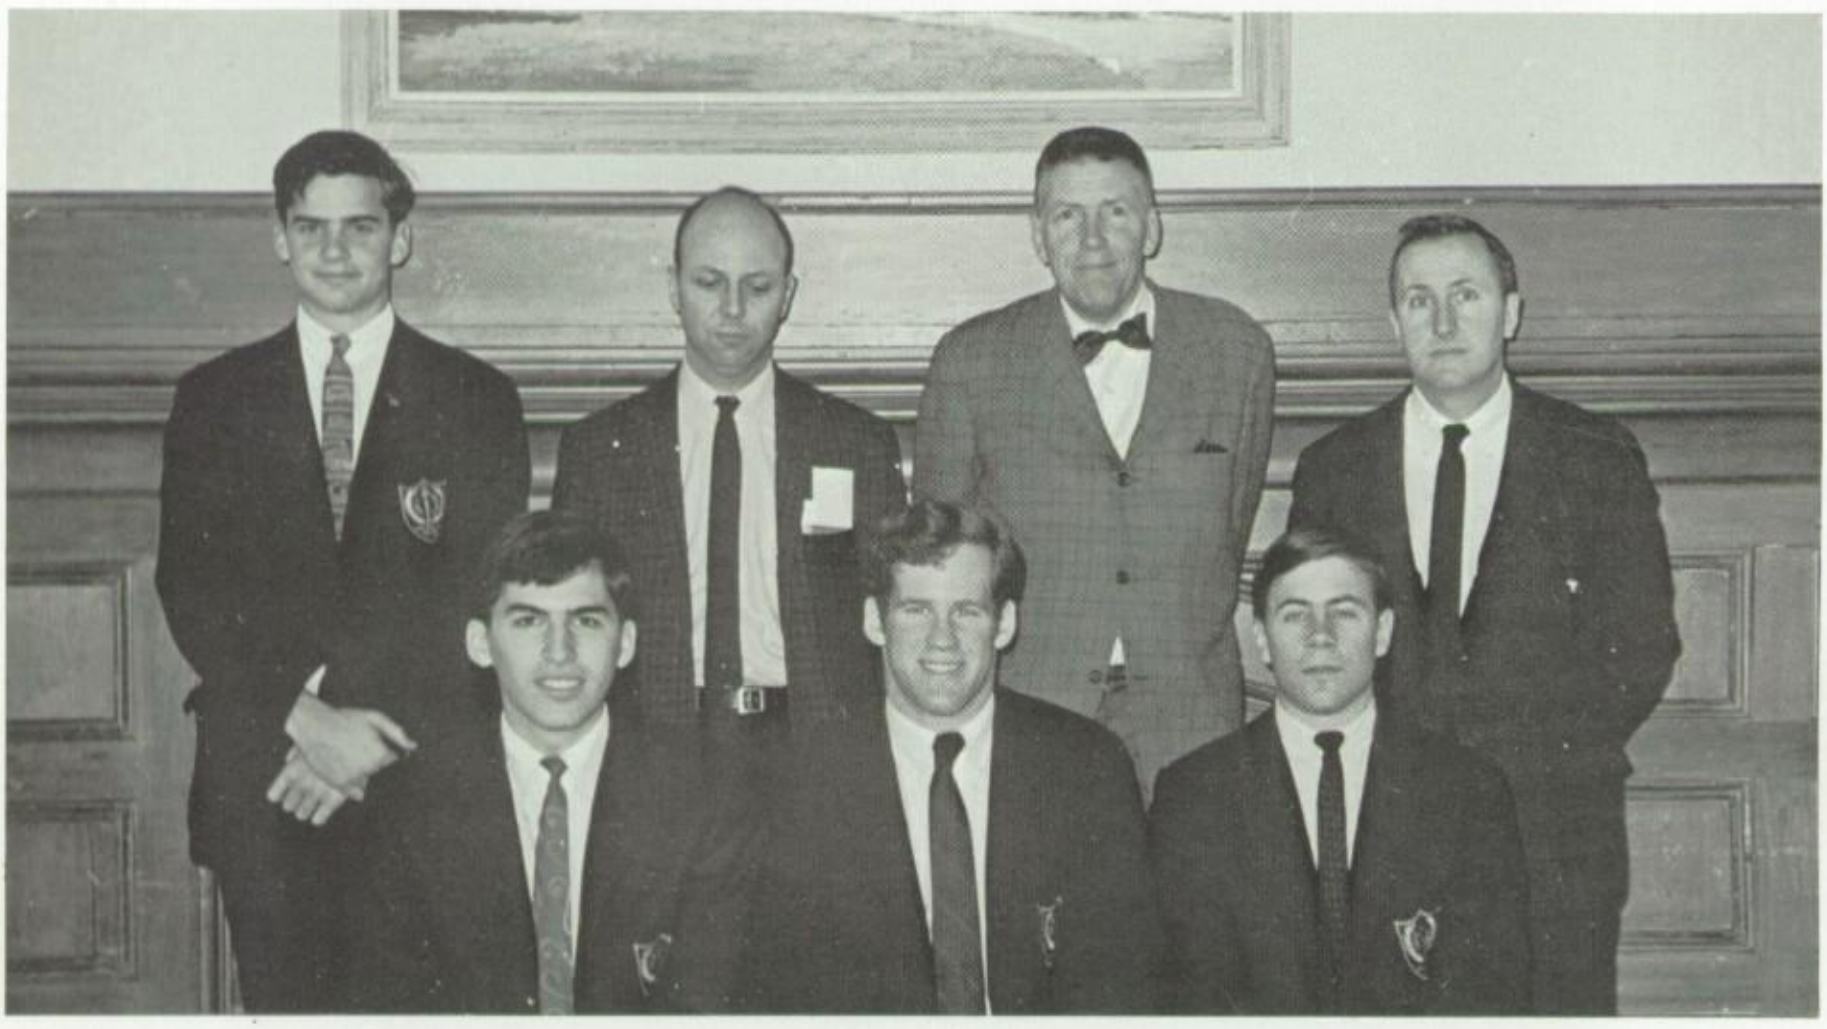
The success of this council is marked by the interest the rest of the school took in the meetings. All the members took their positions seriously, and the result was a very effective council.

Left to right: Bates, Royle, Sampson, Groetzinger, Cue, Drowne, Morrel, Matlack, Gronauer, Russel, Waldie.

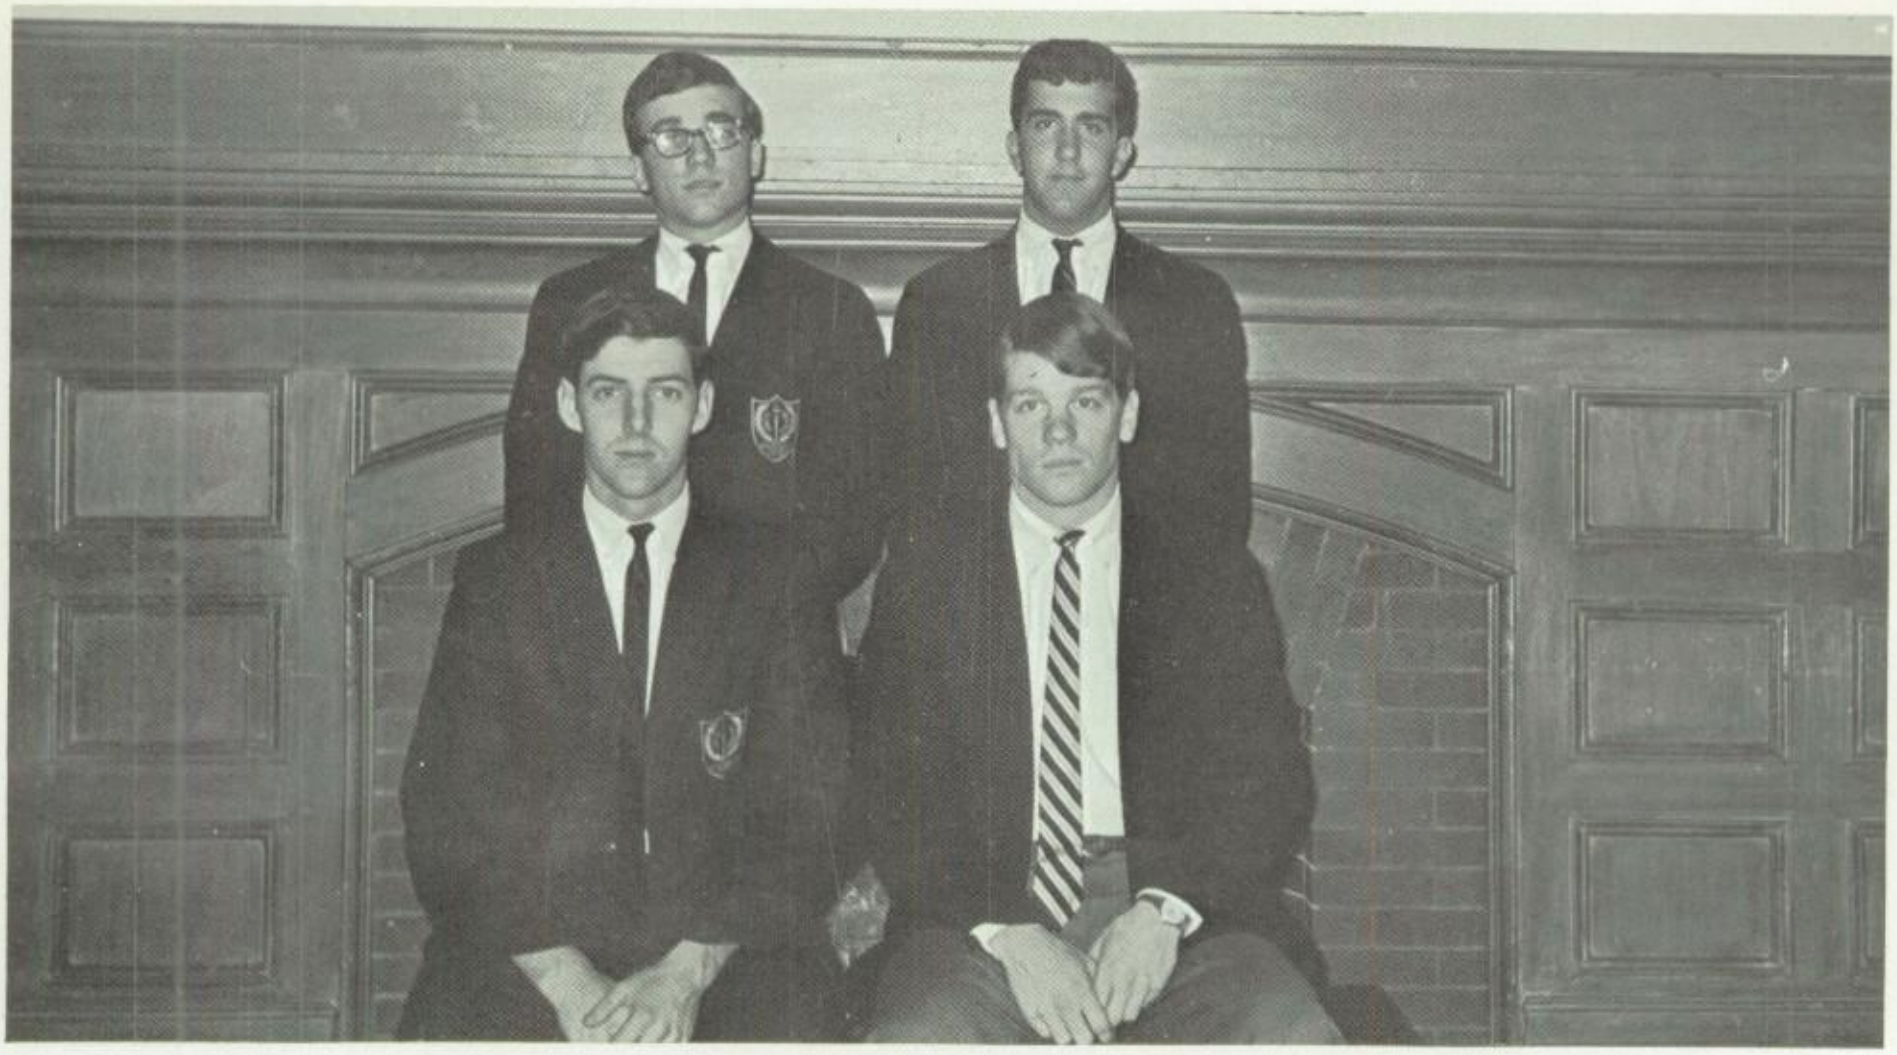
BOARD OF MAGISTRATES

The Board of Magistrates is Hackley's judiciary committee. The Board meets periodically when there has been a serious offense committed that is in direct violation of some school rule. The final judgments are carefully decided on by the six-member Board. The three faculty members represent a cross-section of the masters who are well respected throughout the school. The uniqueness of the Board lies in the fact that there are also three students on the Board. It is very important to the student before the Board that he know that he is also being judged with the understanding of his fellow students. The student members are Peter Roslow, Richard Green and John Hand.

There is one remaining member, chosen from the junior class as recording secretary; this year it is Wayland Linscott.



FRONT ROW, left to right: Roslow, Greene, Hand. BACK ROW, left to right: Linscott, Mr. McAuliffe, Mr. Braine, Mr. King.



STANDING, left to right: Anfanger, Wolfe. SITTING, left to right: Royle, Burrows

HONOR COUNCIL

The Honor Council is the most controversial committee at school. It is subject to mockery and sarcasm from both students and faculty. One cannot say it has eliminated cheating as this year showed, but its clemency and understanding have been justified by their achievements. Not once did the same boy reappear before the council.

The Council is *en rapport* with Hackley's purpose as a preparation for college. In college a boy's personal integrity is tested more, and so the students and faculty here have felt that high school was not too soon for the faculty to show trust in the student body.

The mechanics of the system are as follows: Teachers need not proctor any examinations. Although faculty absence is not always the situation, in most cases the student is completely responsible for himself. Although not mandatory, he is also supposed to report any incidents of cheating he happens to observe. Proctoring faculty members have their first responsibility to the Council, which may handle the situation, or in more serious cases send it to the Board of Magistrates, with a recommendation on what procedures to take.

This year's president, Buzz Burrows, conducted secret meetings in either of two places: The infirmary or his room. Class representatives, Bob Royle ('67), Andy Anfanger ('68), David Wolfe ('69) and Tom Lee ('70) were sometimes approached with matters to bring before the Council, and had their problems in unanimous attendance because of the secret nature of council meetings.

STANDING, left to right: Cue, Roslow, Drowne, Anderson, Fleck, Stewart, Gibson. SITTING, left to right: Guiler, Chen, Burrows.

THE BOARDING COMMITTEE

This year's Boarding Committee began enthusiastically, only to find themselves once again confronted with the problem of student apathy. The boarders' attitude was characterized by an influx of complaints, but an absence of constructive proposals.

The committee, under the leadership of Mike Chen, was noted for its suggestions and discussions, but without the necessary student support, many proposals considered sound by the committee were rejected by the faculty. Probably the most appreciated innovation which came as a result of committee action was the ruling on later week-end check-ins.

There were several trips to White Plains for concerts at the County Center and trips to the movies. At present, a new idea for trips to New York is being discussed, the final findings to be submitted to the faculty.

The chief reason for the committee's extensive involvement with the weekends this year was that the purchase of three new televisions with most of the allotment for movies forced a cut to one movie every three weeks. However, the movies shown were all good. One of the new televisions was finally transferred to the Senior Room, but only after some intense debate over the validity on the part of the Boarding Committee to make such a move.

It is believed that this year's Boarding Committee could have achieved much more if the student body had shown greater interest.

THE CLASS OF 1969

Who? Where? When? What? Why?

Who listens . . . watches . . . buys . . . thinks what . . . when . . . and why?

These questions provide the **raisons d'être** for the fast expanding world of market research.

It's a field where the answers to such questions give businessmen data for making vital decisions.

Market research uses many of the skills you will acquire as your education continues. It will repay you by helping continue your education for the rest of your business life.

It's a stimulating field that could interest Hackley men — as it interests **Hackley's** friend.

The Pulse, Inc.

An organization (with a fondness for Hackley) dedicated to questions and answers which lead to intelligent business decisions.

Half the fun of giving is choosing
